Principal's message

The Mission Statement of Saugus High School is to "Promote all students' learning to ensure personal growth and future success." This California Distinguished School has a rich tradition that spans almost four decades of service to the community. Our five essential tenets reflect what we aspire to provide for our students – (1) Promote Academic Excellence, (2) Provide Positive Social Development, (3) Foster Athletic Distinction, (4) Create an Appreciation for the Arts, and (5) Support Career Technical Opportunities. Our guiding principle is that schools are for kids and they exist to prepare every student for the world that awaits them after their secondary education is complete. The end result can only be realized through the incredible efforts of a committed staff of educators and support personnel alongside of loyal parents and generous business partners. All work in collaboration to assure that students are given the best opportunities to soar beyond graduation.

We offer programs and classes that help facilitate that preparation, including 41 sections of Advanced Placement classes and an additional 36 sections of honors courses. We are also quite proud to offer a strong REACH program on campus that is preparing students for entry into four-year college environments. Through the partnerships established with more than fifty local businesses and individuals, Saugus High is leading the way in unique educational opportunities. Some examples include: establishing a four year STEM Engineering program with internships and job shadowing opportunities. Additionally, we have the only cultural exchange program in the district (with Gao Xin #1 High School in Xi'an, China), pioneering the pod casting of AP lectures, leadership mentoring, engaging all freshmen students in the S.H.A.R.E. (Stop Hatred and Respect Everyone) program, taking all sophomore students to the Museum of Tolerance, creating Saturday Academies to assist students with academic progress, and forming a Freshman Immersion Day and assigning all 9th grade students a summer reading project (7 Habits of Highly Effective Teens).

In addition to our focus on a rigorous curriculum, Saugus High School boasts outstanding athletic and co-curricular programs. More than half of those enrolled at Saugus are actively participating in one of 20 sports programs or are engaged in one of the many electives designed to foster the creativity of our students (dance, band, color guard, choir, theater arts, journalism, yearbook, literary magazine, Saugus News Network, academic decathlon). Athletically, over the past 10 years, Saugus has captured 9 State championships, 12 Southern Section titles, and 50 league championships. The accolades garnered by the co-curricular programs on campus have similarly filled the trophy cases.

Our Career Technical Opportunities allow students to explore pathways that they might be interested in pursuing after receiving their diploma. Saugus has developed nine specialized career pathways: Automotive Technology, Business Finance, Cabinet-Making and Millwork, Environmental Resources, Health and Medical services, ICT Games and Simulation, ICT Software and Systems Development, Introduction to Engineering (PLTW), Journalism, and Video Production.

Many students at Saugus High School participate in service organizations on campus that have community wide implications. Examples include (but are not limited to) ASB, Key Club, National Honor Society, Varsity Club, and multiple athletic and co-curricular programs. They are often found in the community, assisting many of our local charitable organizations and non-profit programs – Michael Hoefflin Foundation for Pediatric Cancer, the Santa Clarita Valley Boys and Girls Club, SCV Senior Center, SCV Food Pantry, Relay For Life (Cancer), and many others.

It's important for us to foster an educational community in Saugus. Our feeder schools are made up of a two year junior high (Arroyo Seco Jr. High) and seven feeder elementary schools (Emblem Academy, Foster Elementary, Highland Elementary, Mountainview Elementary, Plum Canyon Elementary, Rosedell Elementary, and Santa Clarita Elementary). For the past few years, we have developed and refined a number of outreach opportunities for these "Future Centurions" and their parents to get plugged in to our school. We have teachers, counselors, administrators, and students meet one evening in the fall with all parents. We host a 5th /6th Grade Open House in January (complete with dinner, tours of classrooms, participation in activities, entrance to our basketball game, and a free tee shirt for everyone. Additionally, our Journalism Department publishes an awesome 16 page issue of our school newspaper directed specifically toward the future students and their parents.

There are almost 150 staff members at Saugus High School and each is highly qualified in their subject area and/or employment assignment. They are nurturing and focused on providing the best instructional opportunities possible for all students. We have 90 teachers, 5 administrators, 6 counselors, 1 psychologist, 1 librarian, 17 clerical staff members, 10 custodians and grounds men, 10 Instructional Aides, and 8 Campus Supervisors. Additionally, we have a full time Campus Resource Officer (L.A. County Sheriff's Deputy) stationed on our campus and a part time Career Coach (funded through our local community college – COC).

The motto of Saugus High School reflects the purpose of these staff members and the greater community - "We don't just teach students... We develop people who build better tomorrows."

Bill Bolde, PRINCIPAL

About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school at (661) 297-3900 or the district office.

2014-15 Student Enrollment by Grade Level	
Grade Level	Number of Students
Grade 9	646
Grade 10	639
Grade 11	571
Grade 12	582
Total Enrollment	2,438

2014-15 Student Enrollment by Group	
Group	Percent of Total Enrollment

Two or More Races	4.6
Socioeconomically Disadvantaged	13.9
English Learners	3.9
Students with Disabilities	11.9
Foster Youth	0.5

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the Basic State Priority (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Teacher Credentials			
Saugus High School	13-14	14-15	15-16

School Facility Conditions and Planned Improvements (Most Recent Year)

Saugus High School was built in 1975 and completed a \$52 million construction modernization project in 2007. In 2013, the school completed a \$6 million remodel of our Career Technical Building with new facilities to teach broadcasting, video production, cabinetry and construction, graphic arts and silk screening, and NATF certified auto mechanics.

In the fall of 2008, the community passed a bond that will further the development of educational venues at Saugus High. This will allow us to construct a new 475-seat performing arts center, named the Saugus Forum. This facility has gone through architectural design and design development and is scheduled to break ground in May 2016. The Saugus Forum Project is now in the construction bidding process.

Each and every campus within the Wm. S Hart High School District is inspected by an on-site facility person on a daily basis. All deficiencies are reported electronically directly to District Maintenance and are corrected in an expeditious manner. As of 12/21/15 there are currently 47 work orders in progress.

School Facility Good Repair Status (Most Recent Year)
Year and month in which data were collected: 11/30/15

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP], Science California Standards Tests); and
- The percentage of pupils who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

Grade Level	2014-15 Percent of Students Meeting Fitness Standards		
	4 of 6	5 of 6	6 of 6
9	15.20	21.70	53.60

* Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

2014-15 CAASPP Results for All Students			
Subject	Percent of Students Meeting or Exceeding the State Standards (grades 3-8 and 11)

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

Opportunities for Parental Involvement

Saugus High School is privileged to showcase an extremely involved parent community. It starts by being a proud PTSO (Parent Teacher Student Organization) school. Through the fundraising efforts of the PTSO, the school has gained access to thousands of dollars that have gone toward assisting every teacher on campus, as well as funding between 10 and 15 student scholarships each year. Saugus has also established a parent run non-profit organization called the Centurion Foundation. This entity runs an annual Spring Auction that has brought in almost \$90,000 in its first three years. All the funds go directly into assisting teachers with classroom and program needs. Beyond PTSO and the Centurion Foundation, booster clubs for fine arts and athletic programs bring a great deal of support for programs that augment student growth. Saugus has fostered an incredible network of community business leaders who have become highly involved in supporting our school. Eight years ago, a strong Alumni Foundation was formed, which has brought great benefits to the campus. Many other parent volunteer programs have been born out of a need and desire to support academics, athletics and co-curricular programs on campus.

State Priority: School Climate

The SARC provides the following information relevant to the School Climate State Priority (Priority 6):

- Pupil suspension rates, pupil expulsion rates; and other local measures on the sense of safety.

School Safety Plan

Saugus High places an emphasis on the safety and security of our staff and student body. The Safety Committee reviews and revises the school's safety plan on an annual basis. Staff, students, and many volunteer parents participate in the annual California Shakeout exercises and the Emergency Evacuation Drill. These are in the fall of each year. The school also conducts an annual fire drill in the springtime. Starting in the fall of 2015, Saugus High will conduct a complete lock down drill each semester.

Administrators, Campus supervisors, and some counselors and teachers help monitor students on campus before and after school, during nutrition breaks, and at lunchtime. Saugus High School also has a dedicated School Resource Officer (LA County Sheriff Deputy) who assists greatly with supervision, investigations, and overall safety procedures.

Safe School Ambassador Program is an "inside-out" approach to improving school climate, one that relies on social norms change and the power of students to help stop bullying and violence. Student bystanders see, hear, and know things adults don't, and can intervene in ways adults can't and are often on the scene of an incident before an adult. They are a critical and under-utilized resource for positively impacting the crisis of bullying in our schools. Saugus High has approximately 60 trained student ambassadors working daily to make Saugus a safe place.

All visitors must sign-in at the office and receive proper authorization to be on campus. All visitors are met at the front gate by a campus supervisor who directs them to the receptionist for signing in and obtaining official credentials.

Saugus High's safety plan is communicated to staff (at yearly meetings), students (through video broadcasting on routine basis), and parents (through newsletters, school paper, and PTA meetings).

Suspensions and Expulsions

School	2012-13	2013-14	2014-15
Suspensions Rate	8.24	1.42	1.65
Expulsions Rate	0.00	0.04	0.00
District	2012-13	2013-14	2014-15
Suspensions Rate	5.73	2.15	1.50

* Number of classes indicates how many classrooms fall into each size category (a range of total students per classroom). At the secondary school level, this information is reported by subject area rather than grade level.

Academic Counselors and Other Support Staff at this School	
Number of Full-Time Equivalent (FTE)	
Academic Counselor	6.0
Counselor (Social/Behavioral or Career Development)	0
Library Media Teacher (Librarian)	1.0
Library Media Services Staff (Paraprofessional)	1.0
Psychologist	2
Social Worker	
Nurse	1.0
Speech/Language/Hearing Specialist	2
Resource Specialist	5
Other	
Average Number of Students per Staff Member	
Academic Counselor	430

* One Full Time Equivalent (FTE) equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time.

Professional Development provided for Teachers

Professional Development for the past two school years has focused on the implementation of the Common Core State Standards. To support teachers in the transition to the core, the concentration is on building foundational understanding of the standards, developing resources, and expanding collaborations between all stakeholders. ELA and math content teams are developing pacing guides and designing rigorous curricular units for the 2015-2016 school year and beyond. Professional Development Coaches are engaged in a deep examination of the Common Core Anchor Standards for Literacy in preparation for supporting all teachers as they teach literacy across the curriculum. These Common Core Anchor standards delineate reading, writing, listening and speaking skills students utilize across curriculum at all grade levels. All teachers participate in site and district level professional development around these key literacy standards as well as strengthen and support core instruction of literacy practices. Teachers are also provided with the mobile technology and support they need to enhance instruction and increase the use of technology in the classroom.

FY 2013-14 Teacher and Administrative Salaries		
Category	District Amount	State Average for Districts In Same Category

Career Technical Education Programs

The Wm. S. Hart Union High School District, in collaboration with the Santa Clarita Community College District, is introducing a comprehensive college and career readiness initiative titled "Pathway to My Future." The initiative will allow students to be more aware of what they need to do in preparation for life after high school. Dedicating more attention earlier on than ever before, students will be identifying their interests and careers that match. Students will also be able to explore a wide array of post-secondary educational options that align with work done while involved in a Career Pathway. The need for this initiative came about from an outcry of students who finished their post-secondary options and then say, "Now what?" The Pathway to My Future Initiative will enable students to have a clear, focused direction on what they want to do for a career by either attaining a job directly after high school in the field by completing a pathway leading to a certificate, or furthering their education with a subject major or institution of higher learning that will continue to the work they began in the Hart District.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
