### School-To-Career Student Spotlight

Congratulations to **Tyler Petucci** for his selection as the School-to-Career Spotlight.

The School-to-Career/Cooperative Work Experience Program gives students the opportunity to gain real-world work experience as part of their coursework. Employers who are part of the program work with students providing students with on-the-job training experiences in a variety of job situations. Students learn to work independently and learn to recognize the value of being a responsible, dependable, mature employee.

Earl Springer, Manager of Employee Programs at Sheetz, stated the following regarding Tyler's performances as his School-to-Career student, "I can honestly say, Tyler has been an outstanding student/employee who has really fit the work role well as part of the Sheetz Employees Programs team. He has really increased his communications skills over the past three months. He's a great worker and a great student."

Currently 32 AAHS seniors participate in the program working at a variety of area businesses. Twenty-eight businesses are involved with the program.

Employers interested in learning more about the program are encouraged to contact School-to-Career Coordinator Nanette Anslinger at 814-505-1450.
