

April 24, 2015

Dear Scholarship Providers,

Thank you for making your scholarship available to Panorama High School seniors! We have reason to be proud of graduates and the strides they make after graduation from Panorama HS. More than ever our graduates have completed college coursework during high school, are choosing to attend college (public community colleges and regent universities, private colleges and vocational institutions), and we are getting feedback that our graduates gpa's while at college are increasing. We believe your financial support is a key ingredient of encouragement to our graduates and their families.

Our annual Senior Awards Night each May is held the Wednesday evening, 6 p.m., in our school auditorium, prior to the Sunday commencement ceremony. *We invite you to present your scholarship award to your recipient during this event and ask that you confirm your participation*, so we can recognize you in our program and articles that traditionally report the event in our local newspapers. *If you are unable to attend, please inform us of your award title, recipient(s), and amount, then we want to create certificates and present awards in your place.*

You are also invited to participate in the Baccalaureate program following the awards presentations, which is a very nice non-denominational service put on by the Association of Churches.

This year's Senior Awards Night is May 13, Wednesday, 6 p.m.

Thank you again!

Chris Webner
