Dear \_\_\_\_\_:

Your child, \_\_\_\_\_ has been excluded from school because of head lice (pediculosis). Your child will be expected to return to school tomorrow completely FREE OF ALL LICE.

To aid in treatment, lice shampoo and metal combs are needed. You may need to take your child for treatment to your private physician or community health center.

Before your child can be re-admitted to school, they must be rechecked by the school nurse or school designee to insure all lice have been removed. A parent or another adult must accompany your child to school for this examination.

If you need further assistance with this problem, please call the school's Health Office. Your cooperation in this matter will be greatly appreciated.

Sincerely,

\_\_\_\_\_
