

Dec. 4, 2013

Dear Parents,

There are many resources available to students in the Wass school library. In addition to the many print resources and online databases that are provided for them through the Troy School District, I would like to tell you about a resource provided by the Michigan electronic Library (MeL). MeL is provided free to Michigan residents and has many ebooks for children. Attached please find directions on how to access this resource for your child/children.

Sincerely,

Ms. Claudia Rzepka, B.S., M.L.I.S.
