FALL PARENT/TEACHER CONFERENCES

Oak Ridge Fall Conferences for 2017-2018 will take place between Sept. 25-Oct.6. This is the time for parents to get information on how their child is transitioning to the new grade level. During this goal setting conference, expect to get results from our online diagnostic assessment tool, iReady, in the areas of Reading and Math. In addition, you will also discuss your child's behavior, review grade level standards and set goals for the school year. You should be receiving a notice within the next week or so from your child's classroom teacher. Please note that there will be no report card given at the fall conference. Report cards will be given out during our January conferences and again at the end of the year in June. For questions about conferences, please contact your child's teacher.

GET INVOLVED! Join our School Site Council!

We are looking for additional members for our School Site Council (SSC). **What is SSC?:** School Site Councils are mandated by the State of CA. The basic principle underlying the establishment of the council is that those individuals who are most affected by the operation of their school should have a major role in the decisions regarding how their school functions. This involvement occurs through the development, monitoring, and assessment of a Single Plan for Student Achievement (SPSA), including a budget, which reflects and supports the plan, and the Safe School Plan. **Who is the SSC?:** The council is comprised of the principal, teachers, other school personnel, parents or members of the community. **SSC Responsibilities:** The basic role of the SSC is to plan, monitor, and evaluate the activities and expenditures for the Single Plan, and review the Safe School Plan. The SSC has the opportunity to create effective plans based on the unique needs of its school site. **How do I become a member?:** If you are interested, please contact the principal, Mrs. Singh at 408-578-5900 or ssingh@ogsd.net by September 6, 2017 to be included on the ballot.
