

Identity Management

Your district now uses Frontline’s unique Insights Platform! This solution allows users to access all their Frontline products with one unique login! You can set up this single Frontline Account in one of two ways. Reference each section below to determine which option applies.

CREATE AN ACCOUNT WITH EXISTING FRONTLINE CREDENTIALS

This section applies to those who already have login credentials specific to a Frontline product.

Type signin.frontlineeducation.com into your web browser’s address bar and select **Sign in**. Or, for applicant tracking, type www.applitrack.com/YOURCLIENTCODE and replace the words “YOURCLIENTCODE” with the code you received via email.

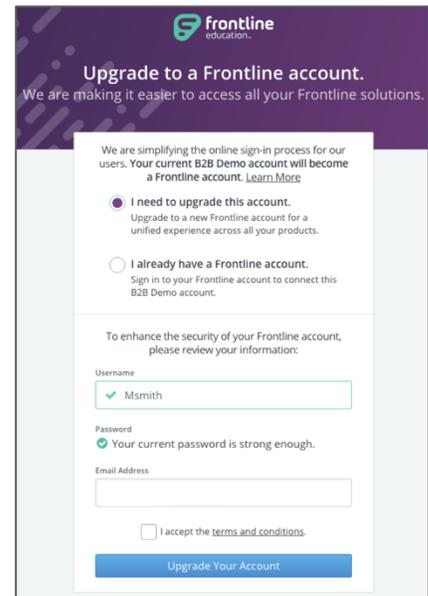

The Sign In page will appear. Enter your username and password. Then, click **Sign In**. The system recognizes your current credentials and prompts you to set up your new Frontline Account.

Click the radio button beside “I need to upgrade this account.”

The system compares your current login credentials with the new single-login requirements and identifies whether anyone already has the username you entered.

Your new username must contain 1 alphabet character and at least 4 total characters. The password must have 1 alphabet character, 8 total characters, and 1 number or special character.

If your credentials meet the requirements, you can create your new Frontline Account with your current identifiers or choose alternatives. Once complete, enter an email address for password recovery, accept terms and conditions, and click **Upgrade Your Account**.

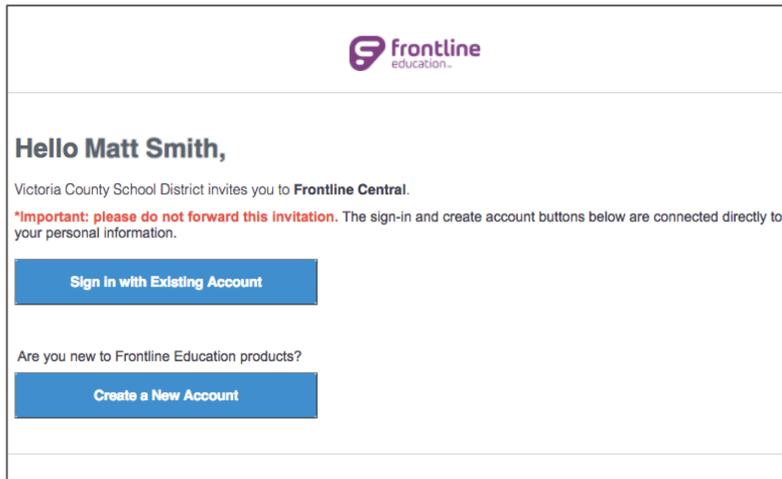

You can then click **Continue to “product”** if you have nothing else to merge with your Frontline Account. Or, you can alternately click **Connect Other Products to this Account** to merge additional products in use.

To merge, make a selection from the dropdown, enter the current credentials associated with that product, and click **Connect this Account**. Repeat this last merge step for each product you use.

RECEIVE AN INVITATION FROM A FRONTLINE PRODUCT

This section applies to a user who receives an email invitation from the system. This scenario occurs when a district begins to use a new Frontline product or if you begin to use an existing product once the Insights Platform becomes activated.

The screenshot shows the Frontline Education logo at the top. Below it, the text reads: "Hello Matt Smith, Victoria County School District invites you to **Frontline Central**." A red warning message states: "*Important: please do not forward this invitation. The sign-in and create account buttons below are connected directly to your personal information." Two blue buttons are visible: "Sign in with Existing Account" and "Create a New Account". Below the buttons, a question asks "Are you new to Frontline Education products?" with a corresponding "Create a New Account" button.

Select **Sign in with Existing Account** if you already created a Frontline Account. This selection takes you to the Sign In page where you can enter your unique username and password associated with your Frontline Account.

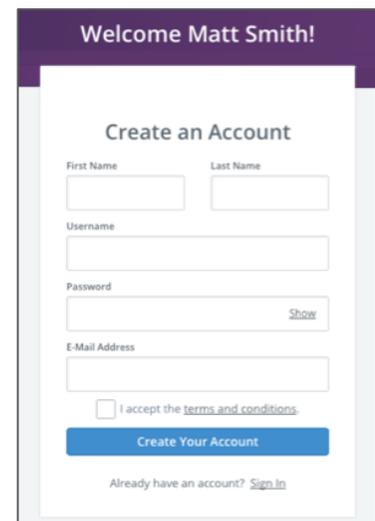

Select **Create a New Account** if you have yet to create a username or password for your Frontline Account. This selection takes you to a Sign In page where you must create login credentials in accordance to Frontline requirements.

Your new username must contain 1 alphabet character and at least 4 total characters. The password must have 1 alphabet character, 8 total characters, and 1 number or special character.

Include an email address to provide a means for password recovery and click the checkbox to accept the terms and conditions.

Once you are finished, click **Create Your Account**.

The system signs you in with your new username and password and requires these credentials for any future logins.

The screenshot shows a "Welcome Matt Smith!" header. Below it is a "Create an Account" form with the following fields: "First Name" and "Last Name" (two separate input boxes), "Username" (one input box), "Password" (one input box with a "Show" link), and "E-Mail Address" (one input box). Below the fields is a checkbox labeled "I accept the terms and conditions". At the bottom of the form is a blue "Create Your Account" button and a link that says "Already have an account? Sign In".

If you have any additional questions regarding Identify Management, consider referencing your application's Learning Center!
