

PAYMENT FOR GOODS AND SERVICES

Before warrants signed by the president, board secretary and treasurer of school moneys may be issued in payment of bills or claims, the bill or claim must be properly audited and approved according to law.

In general, bills or claims shall be audited by the board secretary and approved by resolution of the board. However, in order to provide for the prompt payment to which vendors are entitled, and which leads to more effective competitive bidding and provision of services to the district, claims duly audited by the board secretary for items previously approved by the board or provided for in the budget may be approved by the superintendent or board president or designee. Such payments shall be reported to the board at the next regular meeting.

Items not previously approved by the board or provided for in the budget must be audited by the board secretary and presented for board approval.

Purchase Orders

The district will carefully monitor payments for invoice amounts that are greater than the approved purchase order, in order to avoid over-payments. A new purchase order will be issued (and the original purchase order voided) when the adjusted amount reasonably exceeds the original purchase order amount.

The board, at its discretion, will permit the business administrator to approve any dollar or percentage thresholds for adjustments without issuing a new purchase order. The approval process for any remittance of payment for invoice amounts greater than the approved purchase order shall be according to the following guidelines:

- A. In no instance shall an adjustment be made to a purchase order that changes the purpose or vendor of the original purchase order or a bid award price;
- B. In no instance shall an adjustment to a purchase order exceed 10 percent of the original purchase order dollar amount with a maximum of \$500.00;
- C. Increases of less than \$25.00 of the original amount of the purchase order are not subject to maximum requirement of \$500.

Financial Systems to Avoid Over-Payments

Pursuant to N.J.A.C. 6A:23A-6.10, the district will program its financial systems to avoid over-payments by:

- A. Limiting system access so that only appropriate staff may make purchase order adjustments;
- B. Rejecting adjustments in excess of any established approved thresholds;
- C. Preventing unauthorized changes to be processed;
- D. Rejecting payments where the sum of the invoice amount plus any previous invoices charged to the purchase order exceeds the sum of the original purchase order;
- E. Rejecting duplicate invoice numbers;

PAYMENT FOR GOODS AND SERVICES (continued)

- F. Rejecting duplicate purchase order numbers;
- G. Preparing an edit/change report listing all payments made in excess of the approved purchase order amount.

The business administrator shall review on a monthly basis edit/change reports listing all payments made in excess of the originally approved purchase order amount to ensure that all payments are properly authorized.
