

Quality Local Health Care for the Whole Family

Venice Family Clinic has a new pediatric clinic in Culver City that is open to Culver City kids with a clinic right next door for adults. We offer quality primary health care to men, women, infants, children, teens and seniors – **and we're open to new patients!**

Venice Family Clinic accepts Medi-Cal, My Health LA, Medicare and Covered CA. If you do not have health insurance, we welcome you and have a sliding fee scale with no-cost and low-cost options.

Venice Family Clinic is a long-time partner of the Culver City Unified School District currently providing services for CCUSD middle and high school students.

At Venice Family Clinic, we offer services for your whole family, including:
