FINANCIAL SECTION

INDEPENDENT AUDITOR'S REPORT

Board of Trustees
Westlake Academy

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of Westlake Academy (the Academy), a component unit of the Town of Westlake, as of and for the year ended August 31, 2015, and the related notes to the financial statements, which collectively comprise the Academy's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of Westlake Academy, as of August 31, 2015, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Change in Accounting Principles

As discussed in Note 15 to the financial statements, in 2015, the District adopted new accounting guidance, GASB Statement No. 68, *Accounting and Financial Reporting for Pensions - an amendment of GASB Statement No. 27* and GASB Statement No. 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date*. Our opinion is not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information, and TRS pension schedules on pages 5 through 11, 33 and 34, 35 and 36, respectively, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Academy's basic financial statements. The nonmajor governmental funds combining statements are presented for the purposes of additional analysis and are not a required part of the basic financial statements. The nonmajor governmental funds combining statements are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements.

Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the nonmajor governmental funds combining and individual statements are fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 7, 2015, on our consideration of the Academy's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Academy's internal control over financial reporting and compliance.

**WESTLAKE ACADEMY
(A COMPONENT UNIT OF THE TOWN OF WESTLAKE)
MANAGEMENT'S DISCUSSION AND ANALYSIS
AUGUST 31, 2015**

This section of Westlake Academy's (the Academy) annual financial report presents our discussion and analysis of the Academy's financial performance during the fiscal year ended August 31, 2015. Please read it in conjunction with the Academy's financial statements, which follow this section.

FINANCIAL HIGHLIGHTS

- On the government-wide financial statements, the assets of the Academy exceeded liabilities by \$1,356,312 (Net Position). This is an increase of \$633,864 for the year ended August 31, 2015, exclusive of the cumulative effect of change in accounting principle (\$217,601).
- The Academy had \$8,598,261 in expenses related to governmental activities, of which \$3,418,534 of these expenses were offset by program-specific charges for services or grants and contributions. This is a total expense increase of \$845,560 from the prior year.
- The General Fund reported a fund balance this year of \$1,482,157, an increase of \$457,640 from the prior year.

OVERVIEW OF THE FINANCIAL STATEMENTS

This annual report consists of three parts: management's discussion and analysis (this section), basic financial statements, and required supplementary information. The basic financial statements present different views of Academy:

- The first two statements are *government-wide financial statements* that provide both *long-term* and *short-term* information about the Academy's overall financial status.
- The remaining statements are *fund financial statements* that focus on *individual parts* of the government, reporting the Academy's operations in more detail than the government-wide statements.
- *The governmental funds* statements tell how *general government* services were financed in the *short term* as well as what remains for future spending.
- *Fiduciary fund* statements provide information about the financial relationships in which the District acts solely as a *trustee* or *agent* for the benefit of others, to whom the resources in question belong.

The financial statements also include notes (starting on page 17) that explain some of the information in the financial statements and provide more detailed data. The statements are followed by a section of *required supplementary information* that further explains and supports the information in the financial statements.

The combining statements for nonmajor funds contain even more information about the Academy's individual funds.

Figure A-1 summarizes the major features of the Academy's financial statements, including the portion of the Academy government they cover and the types of information they contain. The remainder of this overview section of management's discussion and analysis explains the structure and contents of each of the statements.

Government-wide Statements

The government-wide statements beginning on page 12, report information about the Academy as a whole using accounting methods similar to those used by private-sector companies. Its primary objective is to show whether the Academy is better or worse off as a result of the year's activities. The statement of net position includes all of the Academy's assets and liabilities. The facilities used in the Academy's operations are included in the Town of Westlake's financial statements.

**WESTLAKE ACADEMY
(A COMPONENT UNIT OF THE TOWN OF WESTLAKE)
MANAGEMENT'S DISCUSSION AND ANALYSIS
AUGUST 31, 2015**

All of the current year's revenues and expenses are accounted for in the statement of activities regardless of when cash is received or paid.

The Academy's revenue is divided into those provided by outside parties who share the costs of some programs, such as payments received from extracurricular activities and grants provided by the U.S. Department of Education to assist children with disabilities (program revenue), and general revenue provided by donations from the public or by Texas Education Agency (TEA) in equalization funding processes (general revenue). All the Academy's assets are reported whether they serve the current year or future years. Liabilities are considered regardless of whether they must be paid in the current or future years.

Figure A-1			
Major features of the Academy's Government-wide and Fund Financial Statements			
Type of Statement	Government-wide	Governmental Funds	Fiduciary Funds
<i>Scope</i>	Entire government(except fiduciary funds) and the academy's component units	Activities of the Academy that are not proprietary or fiduciary	Instances in which the Academy is the trustee or agent for someone else's resources
<i>Required Financial Statements</i>	Statement of Net Position, Statement of Activities	Balance Sheet, Statement of Revenues, Expenditures and Changes in Fund Balances	Statement of Fiduciary Net Position, Statement of Changes in Fiduciary Net Position
<i>Accounting basis and measurement focus</i>	Accrual accounting and economic resources focus	Modified accrual accounting and current financial resources focus	Accrual accounting and economic resources focus
<i>Types of accountability information</i>	All assets and liabilities both financial and capital, short-term and long-term	Only assets expected to be used up and liabilities that become due during the year or soon thereafter. No capital assets included.	All assets and liabilities both short-term and long-term; the Academy's funds do not currently include capital assets, although they can.
<i>Types of Inflow/outflow Information</i>	All revenues and expenses during year, regardless of when cash is received or paid	Revenue for which cash is received during or soon after the end of the year, expenditures when goods or services have been received and payment is due during the year or soon thereafter.	All revenues and expenses during year, regardless of when cash is received or paid.

The two government-wide statements report the Academy's net position and how it has changed. Net position—the difference between the Academy's assets and liabilities—is one way to measure the Academy's financial health or position.

- Over time, increases or decreases in the Academy's net position are an indicator of whether its financial health is improving or deteriorating, respectively.
- To assess the overall health of the Academy, you need to consider additional non-financial factors such as changes in the Academy's average daily attendance and the condition of the Academy's facilities.

The government-wide financial statements of the Academy include the *Governmental activities*. Most of the Academy's basic services are included here, such as instruction, curriculum and staff development, extracurricular activities, maintenance, health services and general administration. State funds, donations and grants finance most of these activities.

**WESTLAKE ACADEMY
(A COMPONENT UNIT OF THE TOWN OF WESTLAKE)
MANAGEMENT'S DISCUSSION AND ANALYSIS
AUGUST 31, 2015**

Component Unit

The government-wide financial statements also present the activity of Westlake Academy Foundation, a discretely presented component unit. The Foundation was organized exclusively for charitable and educational purposes and provides funds to help support the Academy. During 2015, the Foundation contributed \$1,207,293 to the Academy to enhance educational opportunities.

Fund Financial Statements

The fund financial statements begin on page 14 and provide more detailed information about the Academy's most significant funds, not the Academy as a whole. Funds are accounting devices that the Academy uses to keep track of specific sources of funding and spending for particular purposes.

- Some funds are required by State law and by bond covenants.
- The Board of Trustees establishes other funds to control and manage money for particular purposes or to show that it is properly using certain taxes and grants.

Below are the three types of funds. The Academy had only "Governmental Funds" and "Fiduciary Funds" for the year ended August 31, 2015.

- Governmental funds-Most of the Academy's basic services are included in governmental funds, which focus on (1) how cash and other financial assets that can readily be converted to cash flow in and out and (2) the balances left at year-end that are available for spending. Consequently, the governmental fund statements provide a detailed short-term view that helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance the Academy's programs. Because this information does not encompass the additional long-term focus of the government-wide statements, we provide additional information at the bottom of the governmental funds statement, or on the subsequent page, that explain the relationship (or differences) between them.
- Fiduciary fund-Some schools are the trustee, or fiduciary, for certain funds. It is also responsible for other assets that-because of a trust arrangement-can be used only for the trust beneficiaries. These schools are responsible for ensuring that the assets reported in these funds are used for their intended purposes. All of these fiduciary activities are reported in a separate statement of fiduciary net position and a statement of changes in fiduciary net position on page 16. These activities are excluded from the school's government-wide financial statements because they cannot use these assets to finance their operations.
- Proprietary funds-(None at August 31, 2015). Services for which the Academy would charge customers a fee are generally reported in proprietary funds. Proprietary funds, like the government- wide statements, provide both long and short-term financial information.

Government-wide Financial Analysis

The following analysis focuses on the net position (Table A-1), sources of revenue (Figure A-2), and changes in net position (Table A-2) of the Academy's governmental activities. The Academy's net position was \$1,356,312 at August 31, 2015.

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. Net position of the Academy's governmental activities increased from \$940,049 to \$1,356,312. The net position was all considered unrestricted and can be used to finance day-to-day operations without constraints established by debt covenants, enabling legislation, or other legal requirements.

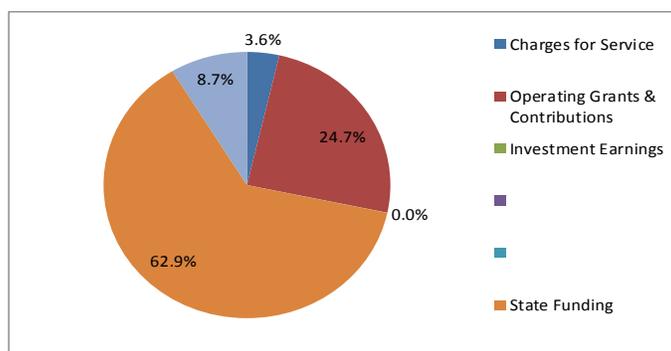

**WESTLAKE ACADEMY
(A COMPONENT UNIT OF THE TOWN OF WESTLAKE)
MANAGEMENT'S DISCUSSION AND ANALYSIS
AUGUST 31, 2015**

The governmental activities' net position increased by 31 percent (\$416,263). The change in net position totaled \$633,864 but was reduced by \$217,601 as a result of the implementation of GASB Statement No. 68, "Accounting and Financial Reporting for Pensions". The remaining increase was primarily due to the following factors: (1) **General Revenues** increase of \$946,927 consisting primarily of the additional state funding received because of the increase in student enrollment as a result of the campus expansion. (2) **Program Revenues** of \$585,429 representing an increase of \$116,227 for charges for services, \$272,248 from operating grants and contributions (mainly an approximate \$148,000 increase in Blacksmith program contributions and \$82,167 in federal grants), and \$196,954 increase in capital grants and contributions due to the addition of Phase I to the campus. (3) **Total expenses** increased by \$845,560 with the largest portion being attributed to an increase in instruction and instructional related services (\$635,672) because of staffing and supplies needed for the extra students and classroom supplies caused by the three additional buildings/classrooms. Additionally, Instructional and school leadership (\$191,449) increased due to the addition of an Executive Principal for a complete school year (hired in March of FY 2013-2014) and salary adjustments to other leadership positions during the fiscal year.

**WESTLAKE ACADEMY
(A COMPONENT UNIT OF THE TOWN OF WESTLAKE)
MANAGEMENT'S DISCUSSION AND ANALYSIS
AUGUST 31, 2015**

Table A-3 (below) presents the cost of each of the Academy's largest functions as well as each function's net cost (total cost less fees generated by the activities and intergovernmental aid). The net cost reflects what was funded by state revenues as well as local tax dollars.

- The cost of governmental activities this year was \$8,598,261.
- Some of the cost was paid by those who directly benefited from the programs, \$333,957 and some of the cost was paid through grants and contributions \$3,084,577.

Table A-3

	Total Cost of Services		Total % Change 2014-15	Net Cost of Services		Total % Change 2014-15
	2015	2014		2015	2014	
Instruction	\$ 5,161,212	\$ 4,618,418	12%	\$ 3,061,117	\$ 3,025,701	1%
School leadership	719,639	608,548	18%	471,586	361,707	30%
Guidance, counseling and evaluation services	257,760	285,173	-10%	191,591	216,296	-11%
General administration	361,743	398,944	-9%	263,810	298,381	-12%
Facilities Maintenance and operations	980,416	847,606	16%	677,749	588,684	15%
Data processing services	117,250	193,142	-39%	74,462	133,479	-44%

General Fund Budgetary Highlights

- The General Fund year-end fund balance was \$1,482,157 which was a \$457,640 increase from the prior year.
- Over the course of the year, the Academy revised its budget by increasing revenues by \$253,127 primarily due to an increase in State funding with the final budgeted expenditures being increased by \$15,622 due to staffing reallocation/changes.

Economic Factors and Next Year's Budget

General Fund revenues are budgeted to increase approximately 2% over FY 2014-2015 actual revenues. The small increase is primarily due to the additional funds expected to be received by the State for the increased student enrollment which will bring the Academy to its anticipated capacity at approximately 832.

Amounts available for appropriation in the General Fund budget are \$7,851,667, an increase of 6% (\$487,015) over the final FY 2014-2015 expenditures of \$7,364,652.

- Increases in FY 15/16 salary related expenditures are primarily due to the direct and indirect costs associated with the addition of 4.10 full-time equivalent positions, increases in unemployment insurance and other employer contributions, and a realignment of the salary scale that will enhance our teacher recruiting and retention efforts.
- Professional services category includes expenditures related to professional and contracted services rendered to the Academy by firms, individuals, and other organizations. Cost savings in contract services are the result of a staff analysis that concluded it would be more cost effective to directly employ certain support staff, including a speech language pathologist, as opposed to contracting out for services.

**WESTLAKE ACADEMY
(A COMPONENT UNIT OF THE TOWN OF WESTLAKE)
MANAGEMENT'S DISCUSSION AND ANALYSIS
AUGUST 31, 2015**

- Additional supplies and material costs are associated with consumables that are used in the classroom, maintenance of the campus, books, iPads, testing materials, furniture, and classroom supplies.
- Other operating costs are associated with insurance, professional development, travel, membership fees and dues, graduation expenses, and miscellaneous costs. Cost savings in this category were shifted to Supplies and Materials.

If the FY 2015-16 budget estimates are realized the Academy's General Fund's budgetary fund balance is expected to increase an estimated \$89,960 by the close of FY 2016.

CONTACTING THE ACADEMY'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, taxpayers, customers, and investors and creditors with a general overview of the Academy's finances and to demonstrate the Academy's accountability for the money it receives. If you have questions about this report or need additional financial information, contact the Academy/Town Finance Director, Debbie Piper, at 817-490-5712, or by writing to 3 Village Circle, Suite 202, Westlake, Texas 76262.

3000	FUND BALANCES, ENDING	<u>\$ 1,482,157</u>	<u>\$ -</u>	<u>\$ 191,555</u>	<u>\$ 1,673,712</u>

Net change in fund balances \$ 602,414

Amounts reported for governmental activities in the Statement of Activities are different because:

Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the governmental funds. This amount represents the reduction in deferred inflows - unavailable resources at the fund level during the current year. (106,129)

Current year capital lease proceeds are other financing sources in the governmental funds financial statements, but are shown as an increase in liabilities in the government-wide financial statements. (16,740)

Current year principal payments on capital leases consume current resources, however, these payments reduce liabilities in the government-wide financial statements. 79,745

Implementation of GASB 68 required certain expenditures be de-expended and recorded as deferred resource inflows. Contributions made after the measurement date caused the change in net position to increase by \$92,325. Contributions before the measurement date also caused and increase in the change in net position of \$12,082. The net share of the Academy's amount of deferred inflows and outflows of resources decreased the net position by \$29,833. This amount is the net effect. 74,574

Change in net position of governmental activities \$ 633,864

The Notes to Financial Statements are an integral part of this statement.

WESTLAKE ACADEMY NOTES TO THE FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Reporting Entity

Westlake Academy (the Academy), a blended component unit of the Town of Westlake (the Town), is a Texas nonprofit Corporation under Chapter 12, Subchapter D of the Education Code to provide education. The Board of Trustees (the Board) consists of six trustees and is appointed by the Town's governing body. Currently, all members of the Board are members of the Town's governing body. The Academy prepares its basic financial statements in conformity with generally accepted accounting principles promulgated by the Governmental Accounting Standards Board (the GASB) and other authoritative sources identified in Statement on Auditing Standards No. 69 of the American Institute of Certified Public Accountants; and it complies with the requirements of the appropriate version of Texas Education Agency's Financial Accountability System Resource Guide (the Resource Guide) and the requirements of contracts and grants of agencies from which it receives funds.

The Board is appointed by the governing Council of the Town and it has the authority to make decisions, appoint administrators and managers, and significantly influence operations. It also has the primary accountability for fiscal matters. Therefore, the Academy is a financial reporting entity as defined by the GASB in its Statement No.14, "The Financial Reporting Entity" as modified by GASB Statements No. 39 and 61.

The Academy's basic financial statements include a separate entity that is controlled by or dependent on the Academy. The determination to include separate entities is based on the criteria of GASB Statement No. 14, "The Financial Reporting Entity" as amended by GASB Statement No. 39, "Determining Whether Certain Organizations Are Component Units" and GASB Statement No. 61, "The Financial Reporting Entity Omnibus." GASB defines the reporting entity as the primary government and those component units for which the primary government is financially accountable. To be financially accountable, a voting majority of the component unit's ruling body must be appointed by the primary government, and either (a) the primary government must be able to impose its will, or (b) the primary government may potentially benefit financially or be financially responsible for the component unit.

The Westlake Academy Foundation (the Foundation) is a 501(c)(3) nonprofit organization which was established exclusively for the purpose of supporting the Academy. This includes fundraising for and contributing raised funds to the Academy. The Foundation has been discretely presented in the accompanying financial statements and reported in a separate column to emphasize that it is legally separate from the Academy. See Note 12 for additional information relating to the Foundation. Separate audited financial statements of the Foundation are available from the Academy/Town Finance Director's office, 3 Village Circle, Suite 202, Westlake, Texas 76262.

Government-wide and Fund Financial Statements

The Statement of Net Position and the Statement of Activities are government-wide financial statements. They report information on all of the Academy's nonfiduciary activities with most of the interfund activities removed. Governmental activities include programs supported primarily by state and federal grants, the Foundation, and the Town. The Academy has no business-type activities that rely to a significant extent, on fees and charges for support.

Neither fiduciary funds nor component units that are fiduciary in nature are included.

WESTLAKE ACADEMY
NOTES TO THE FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

Government-wide and Fund Financial Statements – Continued

The Statement of Activities demonstrates how other people or entities that participate in programs the Academy operates have shared in the payment of the direct costs. Direct expenses are those that are clearly identifiable with a specific function or segment. The "charges for services" column includes payments made by parties that purchase, use, or directly benefit from goods or services provided by a given function or segment of the Academy. The primary example is school lunch charges. The "grants and contributions" column includes amounts paid by organizations outside the Academy to help meet the operational or capital requirements of a given function. Examples include grants under the Elementary and Secondary Education Act. If revenue is not program revenue, it is general revenue used to support all of the Academy's functions.

Interfund activities between governmental funds appear as due to/ due from on the Governmental Fund Balance Sheet and as other resources and other uses on the Governmental Fund Statement of Revenues, Expenditures and Changes in Fund Balance. All interfund transactions between governmental funds are eliminated on the government-wide statements.

The fund financial statements provide reports on the financial condition and results of operations for three fund categories: governmental, proprietary, and fiduciary. Since the resources in the fiduciary funds cannot be used for Academy operations, they are not included in the government-wide statements. The Academy considers some governmental funds major and reports their financial condition and results of operations in a separate column.

Measurement Focus, Basis of Accounting and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenue is recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements use the current financial resources measurement focus and the modified accrual basis of accounting. With this measurement focus, only current assets, current liabilities and fund balances are included on the balance sheet. Operating statements of these funds present net increases and decreases in current assets (i.e. revenues and other financing sources and expenditures and other financing uses).

The modified accrual basis of accounting recognizes revenues in the accounting period in which they become both measurable and available and it recognizes expenditures in the accounting period in which the fund liability is incurred, if measurable. The expenditures related to certain compensated absences and claims and judgments are recognized when the obligations are expected to be liquidated with expendable available financial resources. The Academy considers all revenues available if they are collectible within 60 days after year-end.

Miscellaneous revenues are recorded as revenue when received in cash because they are generally not measurable until actually received. Investment earnings are recorded as earned, since they are both measurable and available.

**WESTLAKE ACADEMY
NOTES TO THE FINANCIAL STATEMENTS**

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

Measurement Focus, Basis of Accounting and Financial Statement Presentation – Continued

Grant funds are considered to be earned to the extent of expenditures made under the provisions of the grant. Accordingly, when such funds are received, they are recorded as deferred inflows until related and authorized expenditures have been made. If balances have not been expended by the end of the project period, grantors sometimes require the Academy to refund all or part of the unused amount.

The fiduciary funds are accounted for on a flow of economic resources measurement focus and utilize the accrual basis of accounting. This basis of accounting recognizes revenues in the accounting period in which they are earned and become measurable and expenses in the accounting period in which they are incurred and become measurable. The Academy applies all GASB pronouncements. With this measurement focus, all assets and all liabilities associated with the operation of these funds are included on the Fund Statement of Net Position. The net position is segregated into restricted net position, and unrestricted net position.

Fund Accounting

The Academy reports the following major governmental funds:

The **General Fund** is the Academy's primary operating fund. It accounts for all financial resources except those required to be accounted for in another fund.

The **State Textbook Fund** is used to account, on a project basis, for funds awarded to school districts under the textbook allotment.

Additionally, the Academy reports the following fund types:

Nonmajor Governmental Funds:

These nonmajor **Special Revenue Funds** account for resources restricted to, or designated for, specific purposes by the Academy or a grantor in a Special Revenue Fund. Most federal and some state financial assistance is accounted for in a Special Revenue Fund and sometimes unused balances must be returned to the grantor at the close of specified project period.

Fiduciary Funds:

Agency Funds account for resources held for others in a custodial capacity. Fiduciary funds are reported in the fiduciary fund financial statements. However, because these assets are not available to support Academy programs, these funds are not included in the government-wide statements. The Academy's Agency Fund is a Student Activity Fund.

Other Accounting Policies

1. The State of Texas (the State) has created a state minimum personal leave program consisting of five days per year personal leave with no limit on accumulation and transferability among districts is provided for employees in accordance with 19 TAC §153.1021(d)(8). Each District's local Board is required to establish a personal leave plan. It is the Academy's policy to permit employees to accumulate earned but unused state and local personal leave. There is no liability for unpaid accumulated personal leave since the Academy does not have a policy to pay any amounts when employees separate from service with the Academy.

WESTLAKE ACADEMY
NOTES TO THE FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

Other Accounting Policies – Continued

2. The Data Control Codes refer to the account code structure prescribed by the Texas Education Agency (TEA) in the Financial Accountability System Resource Guide. TEA requires the Academy to display these codes in the financial statements filed with the Agency in order to insure accuracy in building a statewide database for policy development and funding plan.
3. When an expenditure is incurred for purposes for which both restricted or unrestricted fund balance is available, the Academy considers restricted funds to have been spent first. When an expenditure is incurred for which committed, assigned, or unassigned fund balances are available, the Academy considers amounts to have been spent first out of committed funds, then assigned funds, and finally unassigned funds.
4. For purposes of the statement of cash flows for proprietary and similar fund types, the Academy considers highly liquid investments to be cash equivalents if they have a maturity of three months or less when purchased.
5. The governmental fund financial statements present fund balances based on classifications that comprise a hierarchy that is based primarily on the extent to which the Academy is bound to honor constraints on the specific purposes for which amounts in the respective governmental funds can be spent. The classifications used in the governmental fund financial statements are as follows:
 - Nonspendable: This classification includes amounts that cannot be spent because they are either (a) not in spendable form or (b) are legally or contractually required to be maintained intact.
 - Restricted: This classification includes amounts for which constraints have been placed on the use of the resources either (a) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments, or (b) imposed by law through constitutional provisions or enabling legislation.
 - Committed: This classification includes amounts that can be used only for specific purposes pursuant to constraints imposed by board resolution of the School Board, the Academy's highest level of decision making authority. These amounts cannot be used for any other purpose unless the School Board removes or changes the specified use by taking the same type of action that was employed when the funds were initially committed. This classification also includes contractual obligations to the extent that existing resources have been specifically committed for use in satisfying those contractual requirements.
 - Assigned: This classification includes amounts that are constrained by the Academy's intent to be used for a specific purpose but are neither restricted nor committed. This intent can be expressed by the School Board.
 - Unassigned: This classification includes the residual fund balance for the General Fund. The unassigned classification also includes negative residual fund balance of any other governmental fund that cannot be eliminated by offsetting of assigned fund balance amounts.
6. Net position represents the difference between assets and liabilities. Net position is reported as restricted when there are limitations imposed on its use either through the enabling legislations adopted by the Academy or through external restrictions imposed by creditors, grantors of laws or regulations of other governments.

**WESTLAKE ACADEMY
NOTES TO THE FINANCIAL STATEMENTS**

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

Other Accounting Policies – Continued

7. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.
8. Sometimes the Academy will fund outlays for a particular purpose from both restricted (e.g. grant proceeds) and unrestricted resources. In order to calculate the amounts to report as restricted net position and unrestricted net position in the government-wide financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the Academy's policy to consider restricted net position to have been depleted before unrestricted net position is applied.

NOTE 2. CASH AND INVESTMENTS

The funds of the Academy must be deposited and invested under the terms of a contract, contents of which are set out in the Depository Contract Law. The depository bank places approved pledged securities for safekeeping and trust with the Academy's agent bank in an amount sufficient to protect Academy funds on a day-to-day basis during the period of the contract. The pledge of approved securities is waived only to the extent of the depository bank's dollar amount of Federal Deposit Insurance Corporation (FDIC) insurance.

At August 31, 2015, the carrying amount of the Academy's deposits (cash, certificates of deposit, and interest-bearing savings accounts included in temporary investments), including \$66,892 recorded in the Agency fund, was \$1,384,656 and the bank balance was \$1,690,539. The carrying amount of the Foundation's deposits was \$652,294 as of August 31, 2015 and the bank balance was \$500,680. The District cash deposits at August 31, 2015 and during the year then ended was entirely covered by FDIC insurance or by pledged collateral held by the Academy's agent bank in the Town of Westlake's name.

The following is disclosed regarding the combined balances on the date of highest deposit:

- a. Depository: First Financial Bank
- b. The market value of securities pledged to the Town (inclusive of the Academy) as of the date of the highest combined balance on deposit was \$24,419,899.
- c. The highest combined balances of cash, savings, and time deposit accounts amounted to \$17,380,657 (\$1,812,674 of which belonged to the Academy) on November 4, 2014.
- d. Total amount of FDIC coverage at the time of the highest combined balance was \$250,000.

WESTLAKE ACADEMY NOTES TO THE FINANCIAL STATEMENTS

NOTE 2. CASH AND INVESTMENTS – CONTINUED

The Public Funds Investment Act (Government Code Chapter 2256) contains specific provisions in the areas of investment practices, management reports and establishment of appropriate policies. Among other things, it requires the Academy to adopt, implement, and publicize an investment policy. That policy must address the following areas: (1) safety of principal and liquidity, (2) portfolio diversification, (3) allowable investments, (4) acceptable risk levels, (5) expected rates of return, (6) maximum allowable stated maturity of portfolio investments, (7) maximum average dollar-weighted maturity allowed based on the stated maturity date for the portfolio, (8) investment staff quality and capabilities, and (9) bid solicitation preferences for certificates of deposit. Statutes authorize the Academy to invest in (1) obligations of the U. S. Treasury, certain U. S. agencies, and the State of Texas; (2) certificates of deposit, (3) certain municipal securities, (4) money market savings accounts, (5) repurchase agreements, (6) bankers acceptances, (7) mutual funds, (8) investment pools, (9) guaranteed investment contracts, and (10) common trust funds. The Act also requires the Academy to have independent auditors perform test procedures related to investment practices as provided by the Act. The Academy is in substantial compliance with the requirements of the Act and with local policies.

The carrying value of the Academy's investments at August 31, 2015, was \$100, which were deposited in TexPool (a Texas Local Government Investment Pool). Local government investment pools operate in a manner consistent with the SEC's Rule 2a7 of the Investment Company Act of 1940. Local government investment pools use amortized cost rather than market value to report net assets to compute share prices. Accordingly, the fair value of the position of these pools is the same as the value of the shares in each pool.

TexPool is organized in conformity with the Interlocal Cooperation Act, Chapter 791 of the Texas Government Code, and the Public Funds Investment Act. Chapter 2256 of the Texas Government Code. The Texas Comptroller of Public Accounts is the sole officer, director and shareholder of the Texas Treasury Safekeeping Trust Company, which is authorized to operate TexPool. In addition, the TexPool Advisory Board advises on TexPool's Investment Policy. This Board is composed equally of participants in TexPool and other persons who do not have a business relationship with TexPool who are qualified to advise TexPool. TexPool is subject to annual review by an independent auditor consistent with the Public Funds Investment Act. In addition, TexPool is subject to review by the State Auditor's office and by the Internal Auditor of the Comptroller's office.

The Foundation's entire investment balance as of August 31, 2015 consisted of marketable equity securities with a cost of \$917,135 and a fair value of \$922,583.

In compliance with the Public Funds Investment Act, the Academy has adopted a deposit and investment policy. That policy does address the following risks:

1. Custodial Credit Risk-Deposits: This is the risk that in the event of bank failure, the Academy's deposits may not be returned to it. As of August 31, 2015, the Academy's deposits with financial institutions in excess of federal depository insurance were fully collateralized by FDIC insurance and pledged collateral held by the Academy's agent bank in the Town of Westlake's name.
2. Custodial Credit Risk-Investments: This is the risk that, in the event of the failure of the counterparty, the Academy will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. Investments are subject to custodial credit risk only if they are evidenced by securities that exist in physical or book entry form. Thus positions in external investment pools are not subject to custodial credit risk because they are not evidenced by securities that exist in physical or book entry form.
3. Other Credit Risk: There is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. To minimize credit risk, TexPool invests only in investments authorized under the Public Funds Investment Act. As of August 31, 2015, TexPool's investments credit quality rating was AAAM (Standard & Poor's).

**WESTLAKE ACADEMY
NOTES TO THE FINANCIAL STATEMENTS**

NOTE 3. DUE FROM OTHER GOVERNMENTS

The Academy participates in a variety of state and local programs from which it receives grants to partially or fully finance certain activities. Amounts due from federal and local governments as of August 31, 2015, are summarized below.

Fund	State Entitlements	Local	Total
General	\$ 333,870	\$ 13	\$ 333,883
State Textbook	17,863	-	17,863
Total	\$ 351,733	\$ 13	\$ 351,746

NOTE 4. DONATED USE OF FACILITIES

The Academy currently operates in facilities that are capital assets of the Town. The Academy is not required by the Town to pay rent for the use of those facilities; however, the Academy recognizes the value of the use received, \$803,875, in the government-wide statement of activities as capital grants and contributions and as expense allocated to the various functions.

NOTE 5. INTERFUND BALANCES AND ACTIVITIES

Interfund balances at August 31, 2015, consisted of the following individual fund balances:

Due to Fund	Due from Fund	Amount	Purpose
General fund	State Textbook	\$ 17,863	Reimburse program disbursements
Total		\$ 17,863	

The Academy had no interfund transfers for the year ending August 31, 2015.

**WESTLAKE ACADEMY
NOTES TO THE FINANCIAL STATEMENTS**

NOTE 6. REVENUE FROM LOCAL AND INTERMEDIATE SOURCES

During the current year, revenues from local and intermediate sources as reported on Exhibit C-2 of the fund statements consisted of the following:

	General Fund	Non-major Funds	Total
Gifts and bequests	\$ 1,412,865	\$ 503,312	\$ 1,916,177
Interest	2,067	-	2,067
Food sales	6,000	-	6,000
Campus activities	-	22,954	22,954
Parking/transportation	53,416	-	53,416
Athletics	81,528	-	81,528
Miscellaneous	108,487	-	108,487
Total	<u>\$ 1,664,363</u>	<u>\$ 526,266</u>	<u>\$ 2,190,629</u>

NOTE 7. DEFINED BENEFIT PENSION PLAN

Plan Description

The Academy participates in a cost-sharing multiple-employer defined benefit pension that has a special funding situation. The plan is administered by the Teacher Retirement System of Texas (TRS). TRS's defined benefit pension plan is established and administered in accordance with the Texas Constitution, Article XVI, Section 67 and Texas Government Code, Title 8, Subtitle C. The pension trust fund is a qualified pension trust under Section 401(a) of the Internal Revenue Code. The Texas Legislature establishes benefits and contribution rates within the guidelines of the Texas Constitution. The pension's Board of Trustees does not have the authority to establish or amend benefit terms.

All employees of public, state-supported educational institutions in Texas who are employed for one-half or more of the standard work load and who are not exempted from membership under Texas Government Code, Title 8, Section 822.002 are covered by the system.

Pension Plan Fiduciary Net Position

Detailed information about the Teacher Retirement System's fiduciary net position is available in a separately-issued Comprehensive Annual Financial Report that includes financial statements and required supplementary information. That report may be obtained on the Internet at <http://www.trs.state.tx.us/about/documents/cafr.pdf#CAFR>; by writing to TRS at 1000 Red River Street, Austin, TX, 78701-2698; or by calling (512) 542-6592.

Benefits Provided

TRS provides service and disability retirement, as well as death and survivor benefits, to eligible employees (and their beneficiaries) of public and higher education in Texas. The pension formula is calculated using 2.3 percent (multiplier) times the average of the five highest annual creditable salaries times years of credited service to arrive at the annual standard annuity except for members who are grandfathered, the three highest annual salaries are used. The normal service retirement is at age 65 with 5 years of credited service or when the sum of the member's age and years of credited service equals 80 or more years.

**WESTLAKE ACADEMY
NOTES TO THE FINANCIAL STATEMENTS**

NOTE 7. DEFINED BENEFIT PENSION PLAN – CONTINUED

Benefits Provided – Continued

Early retirement is at age 55 with 5 years of service credit or earlier than 55 with 30 years of service credit. There are additional provisions for early retirement if the sum of the member's age and years of service credit total at least 80, but the member is less than age 60 or 62 depending on date of employment, or if the member was grandfathered in under a previous rule. There are no automatic post-employment benefit changes; including automatic COLAs. Ad hoc post-employment benefit changes, including ad hoc COLAs can be granted by the Texas Legislature as noted in the Plan description in (A) above.

Contributions

Contribution requirements are established or amended pursuant to Article 16, section 67 of the Texas Constitution which requires the Texas legislature to establish a member contribution rate of not less than 6% of the member's annual compensation and a state contribution rate of not less than 6% and not more than 10% of the aggregate annual compensation paid to members of the system during the fiscal year. Texas Government Code section 821.006 prohibits benefit improvements, if as a result of the particular action, the time required to amortize TRS' unfunded actuarial liabilities would be increased to a period that exceeds 31 years, or, if the amortization period already exceeds 31 years, the period would be increased by such action.

Employee contribution rates are set in state statute, Texas Government Code 825.402. Senate Bill 1458 of the 83rd Texas Legislature amended Texas Government Code 825.402 for member contributions and established employee contribution rates for fiscal years 2014 thru 2017. It also added a 1.5% contribution for employers not paying Old Age Survivor and Disability Insurance (OASDI) on certain employees effective for fiscal year 2015 as discussed in Note 1 of the TRS 2014 CAFR. The 83rd Texas Legislature, General Appropriations Act (GAA) established the employer contribution rates for fiscal years 2014 and 2015.

Contribution Rates

	<u>2014</u>	<u>2015</u>
Member	6.4%	6.7%
Non-Employer Contributing Entity (State)	6.8%	6.8%
Employers	6.8%	6.8%
2014 Employer Contributions	\$ 18,228	
2014 Member Contributions	\$ 320,575	
2014 NECE On-behalf Contributions	\$ 280,876	

Contributors to the plan include members, employers and the State of Texas as the only non-employer contributing entity. The State is the employer for senior colleges, medical schools and state agencies including TRS. In each respective role, the State contributes to the plan in accordance with state statutes and the General Appropriations Act (GAA).

As the non-employer contributing entity for public education and junior colleges, the State of Texas contributes to the retirement system an amount equal to the current employer contribution rate times the aggregate annual compensation of all participating members of the pension trust fund during that fiscal year reduced by the amounts described below which are paid by the employers. Employers (public school, junior college, other entities or the State of Texas as the employer for senior universities and medical schools) are required to pay the employer contribution rate in the following instances:

- On the portion of the member's salary that exceeds the statutory minimum for members entitled to the statutory minimum under Section 21.402 of the Texas Education Code.

**WESTLAKE ACADEMY
NOTES TO THE FINANCIAL STATEMENTS**

NOTE 7. DEFINED BENEFIT PENSION PLAN – CONTINUED

Contributions – Continued

- During a new member's first 90 days of employment.
- When any part or all of an employee's salary is paid by federal funding sources, a privately sponsored source, from non-educational and general, or local funds.
- When the employing district is a public junior college or junior college district, the employer shall contribute to the retirement system an amount equal to 50% of the state contribution rate for certain instructional or administrative employees; and 100% of the state contribution rate for all other employees.

In addition to the employer contributions listed above, when employing a retiree of the Teacher Retirement System the employer shall pay both the member contribution and the state contribution as an employment after retirement surcharge.

Actuarial Assumptions

The total pension liability in the August 31, 2014 actuarial valuation was determined using the following actuarial assumptions:

Valuation Date	August 31, 2014
Actuarial Cost Method	Individual Entry Age Normal
Amortization Method	Level Percentage of Payroll, Open
Remaining Amortization Period	30 years
Asset Valuation Method	5 year Market Value
Discount Rate	8.00%
Long-term expected Investment Rate of Return*	8.00%
Salary Increases*	4.25% to 7.25%
Weighted-Average at Valuation Date	5.55%
Payroll Growth Rate	3.50%

**Includes Inflation of 3%*

The actuarial methods and assumptions are primarily based on a study of actual experience for the four year period ending August 31, 2010 and adopted on April 8, 2011. With the exception of the post-retirement mortality rates for healthy lives and a minor change to the expected retirement age for inactive vested members stemming from the actuarial audit performed in the summer of 2014, the assumptions and methods are the same as used in the prior valuation. When the mortality assumptions were adopted in 2011 they contained a significant margin for possible future mortality improvement. As of the date of the valuation there has been a significant erosion of this margin to the point that the margin has been eliminated. Therefore, the post-retirement mortality rates for current and future retirees was decreased to add additional margin for future improvement in mortality in accordance with the Actuarial Standards of Practice No. 35.

Discount Rate

The discount rate used to measure the total pension liability was 8.0%. There was no change in the discount rate since the previous year. The projection of cash flows used to determine the discount rate assumed that contributions from plan members and those of the contributing employers and the non-employer contributing entity are made at the statutorily required rates. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all future benefit payments of current plan members.

WESTLAKE ACADEMY
NOTES TO THE FINANCIAL STATEMENTS

NOTE 7. DEFINED BENEFIT PENSION PLAN – CONTINUED

Discount Rate

Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability. The long-term rate of return on pension plan investments is 8%. The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimates ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of geometric real rates of return for each major asset class included in the Systems target asset allocation as of August 31, 2014 are summarized below:

Asset Class	Target Allocation	Real Return Geometric Basis	Long-term Expected Portfolio Real Rate of Return*
Global Equity			
U.S.	18%	7.0%	1.4%
Non-U.S. Developed	13%	7.3%	1.1%
Emerging Markets	9%	8.1%	0.9%
Directional Hedge Funds	4%	5.4%	0.2%
Private Equity	13%	9.2%	1.4%
Stable Value			
U.S. Treasuries	11%	2.9%	0.3%
Absolute Return	0%	4.0%	0.0%
Stable Value Hedge Funds	4%	5.2%	0.2%
Cash	1%	2.0%	0.0%
Real Return			
Global Inflation Linked Bonds	3%	3.1%	0.0%
Real Assets	16%	7.3%	1.5%
Energy and Natural Resources	3%	8.8%	0.3%
Commodities	0%	3.4%	0.0%
Risk Parity			
Risk Parity	5%	8.9%	0.4%
Alpha			1.0%
Total	100.0%		8.7%

* *The Expected Contribution to Returns incorporates the volatility drag resulting from the conversion between Arithmetic and Geometric mean returns.*

WESTLAKE ACADEMY
NOTES TO THE FINANCIAL STATEMENTS

NOTE 7. DEFINED BENEFIT PENSION PLAN – CONTINUED

Discount Rate Sensitivity Analysis

The following schedule shows the impact of the Net Pension Liability if the discount rate used was 1% less than and 1% greater than the discount rate that was used (8%) in measuring the 2014 Net Pension Liability.

	1% Decrease in Discount Rate (7.0%)	Discount Rate (8.0%)	1% Increase in Discount Rate (9.0%)
Academy's proportionate share of the net pension liability	\$343,191	\$192,056	\$79,034

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At August 31, 2014, the Academy reported a liability of \$192,056 for its proportionate share of the TRS's net pension liability. This liability reflects a reduction for State pension support provided to the Academy. The amount recognized by the Academy as its proportionate share of the net pension liability, the related State support, and the total portion of the net pension liability that was associated with the Academy were as follows:

Academy's Proportionate share of the collective net pension liability	\$ 192,056
State's proportionate share that is associated with Academy	<u>2,965,583</u>
Total	<u>\$ 3,157,639</u>

The net pension liability was measured as of August 31, 2014 and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The employer's proportion of the net pension liability was based on the employer's contributions to the pension plan relative to the contributions of all employers to the plan for the period September 1, 2013 thru August 31, 2014.

At August 31, 2014 the employer's proportion of the collective net pension liability was 0.0007190%. Since this is the first year of implementation, the Academy does not have the proportion measured as of August 31, 2013. The Notes to the Financial Statements for August 31, 2014 for TRS stated that the change in proportion was immaterial and, therefore, disregarded this year.

There were no changes of assumptions or other inputs that affected measurement of the total pension liability during the measurement period.

There were no changes of benefit terms that affected measurement of the total pension liability during the measurement period.

There was a change in employer contribution requirements that occurred after the measurement date of the net pension liability and the employer's reporting date. A 1.5% contribution for employers not paying Old Age Survivor and Disability Insurance (OASDI) on certain employees went into law effective 09/01/2013. The amount of the expected resultant change in the employer's proportion cannot be determined at this time.

**WESTLAKE ACADEMY
NOTES TO THE FINANCIAL STATEMENTS**

NOTE 7. DEFINED BENEFIT PENSION PLAN – CONTINUED

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions – Continued

For the year ended August 31, 2014, the Academy recognized pension expense of \$274,163 and revenue of \$274,163 for support provided by the State.

At August 31, 2014, the Academy reported its proportionate share of the TRS's deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual economic experience	\$ 2,970	\$ -
Changes in actuarial assumptions	\$12,484	\$ -
Difference between projected and actual investment earnings	\$ -	\$ (58,700)
Changes in proportion and difference between the employer's contributions and the proportionate share of contributions	\$ -	\$ (50)
Contributions paid to TRS subsequent to the measurement date	\$ 92,325	\$ -
Total	\$107,779	\$ (58,750)

The net amounts of the employer's balances of deferred outflows and inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended August 31:	Pension Expense (Income) Amount
2016	\$ 80,249
2017	(12,076)
2018	(12,076)
2019	(12,076)
2020	2,599
Thereafter	2,409
Total	\$ 49,029

NOTE 8. HEALTH CARE COVERAGE

During the period ended August 31, 2015, employees of the Academy who met minimum eligibility requirements were covered by a state-wide health care plan, TRS Active Care. The Academy's participation in this plan is renewed annually. The Academy paid into the Plan \$325 per month per employee and \$250 per month when the employee works less than 30 hours per week if eligible to enroll in TRS Active Care. Employees, at their option, pay premiums for any coverage above these amounts as well as for dependent coverage.

The Teacher Retirement System (TRS) manages TRS Active Care. The medical plan is administered by Aetna. Medco Health administers the prescription drug plan. The latest financial information on the state-wide plan may be obtained by writing to the TRS Communications Department, 1000 Red River Street, Austin, Texas 78701, by calling the TRS Communications Department at 1-800-223-8778, or by downloading the report from the TRS Internet website, www.trs.state.tx.us, under the TRS Publications heading.

**WESTLAKE ACADEMY
NOTES TO THE FINANCIAL STATEMENTS**

NOTE 9. RETIREE HEALTH PLAN

Plan Description

Westlake Academy contributes to the Texas Public School Retired Employees Group Insurance Program (TRS-Care), a cost-sharing multiple-employer defined benefit postemployment health care plan administered by the Teacher Retirement System of Texas. TRS-Care provides health care coverage for certain persons (and their dependents) who retired under the Teacher Retirement System of Texas. The statutory authority for the program is Texas Insurance Code, Chapter 1575. Section 1575.052 grants the TRS Board of Trustees the authority to establish and amend basic and optional group insurance coverage for participants. The Teacher Retirement System of Texas issues a publicly available financial report that includes financial statements and required supplementary information for TRS-Care. That report may be obtained by visiting the TRS Web site at www.trs.state.tx.us under the TRS Publications heading, by calling the TRS Communications Department at 1-800-223-8778, or by writing to the Communications Department of the Teacher Retirement System of Texas, 1000 Red River Street, Austin, Texas 78701.

Funding Policy

Contribution requirements are not actuarially determined but are legally established each biennium by the Texas Legislature. Texas Insurance Code, Sections 1575.202, 203, and 204 establish state, active employee, and public school contributions, respectively. Funding for free basic coverage is provided by the program based upon public school district payroll. Per Texas Insurance Code, Chapter 1575, the public school contribution may not be less than 0.25% or greater than 0.75% of the salary of each active employee of the public school. Funding for optional coverage is provided by those participants selecting the optional coverage. Contribution rates and amounts are shown in the table below for fiscal years 2013 – 2015.

Year	Contribution Rates					
	Active Member		State		School District	
	Rate	Amount	Rate	Amount	Rate	Amount
2015	0.65%	\$ 31,100	1.00%	\$ 43,124	0.55%	\$ 26,314
2014	0.65%	\$ 28,314	1.00%	\$ 42,028	0.55%	\$ 23,958
2013	0.65%	\$ 23,824	1.00%	\$ 36,652	0.55%	\$ 20,159

Medicare, Part D - On-behalf Payments

The Medicare Prescription Drug, Improvement, and Modernization Act of 2003, which was effective January 1, 2006, established prescription drug coverage for Medicare beneficiaries known as Medicare Part D. One of the provisions of Medicare, Part D allows for the Texas Public School Retired Employee Group Insurance Program (TRS-Care) to receive retiree drug subsidy payments from the federal government to offset certain prescription drug expenditures for eligible TRS-Care participants. These on-behalf payments of \$18,231, \$11,605, and \$9,085 were recognized for the years ended August 31, 2015, 2014 and 2013, respectively, as equal revenues and expenditures.

WESTLAKE ACADEMY
NOTES TO THE FINANCIAL STATEMENTS

NOTE 10. RISK MANAGEMENT

The Academy is exposed to various risk of loss related to torts, theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters for which the Academy carries commercial insurance. There were no settlements exceeding insurance coverage in the current fiscal year.

Litigation and Contingencies

The Academy is a party to various legal actions none of which is believed by administration to have a material effect on the financial condition of the Academy. Accordingly, no provision for losses has been recorded in the accompanying combined financial statements for such contingencies.

The Academy participates in state and federal grant programs which are governed by various rules and regulations of the grantor agencies. Costs charged to the respective grant programs are subject to audit and adjustment by the grantor agencies; therefore, to the extent that the Academy has not complied with the rules and regulations governing the grants, if any, refunds of any money received may be required and the collectability of any related receivable at August 31, 2015 may be impaired. In the opinion of the Academy, there are no significant contingent liabilities relating to compliance with the rules and regulations governing the respective grants; therefore, no provision has been recorded in the accompanying combined financial statements for such contingencies.

NOTE 11. CAPITAL LEASES

The Academy has entered into lease agreements as lessee for financing the acquisition of computer equipment and software. The lease agreements qualify as capital leases for accounting purposes, and therefore, have been recorded at the present value of the future minimum lease payments as of the inception date.

Equipment and software with a historical cost of \$255,749 was under capital lease at August 31, 2015. Because the cost of the individual items was below the Academy's capitalization threshold, the entire cost was recorded as expense.

The following schedule shows the future minimum lease payments under the capitalized lease together with the present value of the net minimum lease payments as of August 31, 2015:

Year Ending August 31,	Annual Lease Payments
2016	\$ 90,561
2017	90,550
2018	648
	<hr/>
Total minimum lease payments	181,759
Less: Amounts representing interest	(7,386)
	<hr/>
Present value of net minimum lease payments	<u>\$ 174,373</u>

WESTLAKE ACADEMY
NOTES TO THE FINANCIAL STATEMENTS

NOTE 12. RELATED PARTY TRANSACTIONS

The Westlake Academy Foundation contributed \$1,207,293 to the Academy during the fiscal year ended August 31, 2015. In addition to the use of facilities discussed in Note 4, the Town of Westlake contributed \$357,130 to the Academy during the year.

NOTE 13. EVALUATION OF SUBSEQUENT EVENTS

The Academy has evaluated subsequent events through December 7, 2015, the date which the financial statements were available to be issued.

NOTE 14. NEW ACCOUNTING PRONOUNCEMENTS

The GASB issued Statement No. 72, Fair Value Measurement, which will be effective for periods beginning after June 15, 2015. The objective of this Statement is to improve accounting and financial reporting related to fair value measurements. This Statement applies to all state and governmental entities. The Academy will evaluate the impact of the standard on its Financial Statements and will take the necessary steps to implement it.

The GASB issued Statement No. 76, The Hierarchy of Generally Accepted Accounting Principles for State and Local Governments, which will be effective for periods beginning after December 15, 2015. The objective of this Statement is to identify the hierarchy of generally accepted accounting principles (GAAP). This Statement applies to all state and governmental entities. The Academy will evaluate the impact of the standard on its Financial Statements and will take the necessary steps to implement it.

NOTE 15. CUMULATIVE EFFECT OF ADOPTION OF GASB STATEMENTS

As a result of implementation of GASB Statement No. 68, "Accounting and Financial Reporting for Pensions – an amendment of GASB Statement No. 27", and GASB Statement No. 71, "Pension Transition for Contributions Made Subsequent to the Measurement Date", an adjustment has been made to record the Academy's net pension liability as of July 1, 2014. As a result, beginning net position of the governmental activities has been decreased by \$217,601, the net effect of the beginning net pension liability of \$235,829 and employer contributions made prior to the beginning of the measurement period in the amount of \$18,228.

**WESTLAKE ACADEMY
NOTES TO BUDGETARY COMPARISON SCHEDULE
FOR THE YEAR ENDED AUGUST 31, 2015**

Budgetary Information

The Board of Trustees adopts an “appropriated budget” on a GAAP basis for the General Fund. The Academy is required to present the adopted and final amended budgeted revenues and expenditures for this fund. The General Fund budget appears in Exhibit E-1.

The following procedures are followed in establishing the budgetary data:

1. Prior to August 25 of the preceding fiscal year, the Academy prepares a budget for the next succeeding fiscal year beginning September 1. The operating budget includes proposed expenditures and the means of financing them.
2. A meeting of the Board of Trustees is then called for the purpose of adopting the proposed budget.
3. Prior to September 1, the budget is legally enacted through resolution by the Board. Once a budget is approved, it can only be amended at the object, function and fund level by approval of a majority of the members of the Board. Amendments are presented to the Board at its regular meetings. Each amendment made before the fact, is reflected in the official minutes of the Board, and is not made after fiscal year end.
4. Budgeted amounts are amended by the Board. All budget appropriations lapse at year end.
5. For the year ending August 31, 2015, expenditures exceeded appropriations in the following functions: Curriculum and Staff Development; and Community Services.

INTERNAL CONTROL REPORT

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Trustees
Westlake Academy

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of Westlake Academy (the Academy) as of and for the year ended August 31, 2015, and the related notes to the financial statements, which collectively comprise the Academy's basic financial statements and have issued our report thereon dated December 7, 2015.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Academy's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Academy's internal control. Accordingly, we do not express an opinion on the effectiveness of the Academy's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Academy's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts.

Westlake Academy

Page 2

However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

WEAVER AND TIDWELL, L.L.P.
