Vision of the San Carlos School District

The San Carlos School District shall provide an innovative and engaging learning experience that fosters the development of the Whole Child to ensure all students are well prepared for success in the 21st Century, as evidenced by:

1. Reaching their highest academic, social, emotional, intellectual, and physical potential; and
2. Becoming problem solvers, critical thinkers, risk-takers, designers, collaborators, and innovators; and
3. Developing into contributing, empathic citizens and leaders who are responsible stewards of their world and care about equity and justice, both locally and worldwide

Principal's Message

Brittan Acres is a spectacular school and community! From the beautiful trees to the gardens, the outdoor learning spaces, the Nature Park, the reading nooks, and so much more. It is true that we take great pride in our physical environment, but the real beauty illuminates through the people, including the students, teachers, support staff, families, and the loving community.

Brittan Acres offers each learner a balanced instructional program. Students enjoy learning from supportive and skillful teachers who expertly guide and nurture them along their developmental journey. In addition to a strong academic curriculum, students enjoy instruction in physical education, BUGS (Better Understanding of Garden Science), Makerspace, music, art, library, and lessons from the school counselor. These thoughtfully designed experiences allow us to support the whole child by focusing on all areas of development: cognitive, physical, social, and emotional.

Brittan Acres is supported by the leadership of a forward-thinking School Board and a progressive district office team. The Board, District, and School are all committed to implementing a bold Strategic Plan aimed at developing our students to their greatest potential, and cultivating their fluency in the 5C's: Critical Thinking & Problem Solving, Communication, Collaboration, Citizenship (global and local), and Creativity & Innovation. This innovative and engaging learning experience fosters the development of the whole child and ensures that students are well prepared for success in the 21st century.

At Brittan Acres, we are proud to be an inclusive community. It is important to us that all members feel welcomed, valued, respected, safe, and heard. We listen to each other, value input from diverse perspectives, and utilize the skills and talents of our community; thereby, allowing our students the opportunity to thrive in the deepest of ways.

Jessica Blumen, Principal

About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2017-18)

The school district held a public hearing on September 14, 2017, and determined that each school within the district had sufficient and good quality textbooks, instructional materials, or science lab equipment pursuant to the settlement of Williams vs. the State of California. All students, including English learners, are given their own individual instructional materials in core subjects for use in the classroom and to take home. Textbooks and supplementary materials are adopted according to a cycle developed by the California Department of Education and in alignment with the development of State Standards and Frameworks, making the textbooks and materials used in the school the most currently available. As part of the adoption process, materials are piloted and selected by a selection committee composed of teachers and administrators. When materials are being recommended for adoption, they are made available for parent examination at the district office prior to adoption and/or parents are invited to provide input via other means. Recommendations from the committee are then brought to the Board for adoption.

School Facility Conditions and Planned Improvements (Most Recent Year)

Brittan Acres Elementary was originally constructed in 1952 and is comprised of 24 classrooms, a library media center, a multipurpose room, a staff room, and a computer lab. Brittan Acres has a tree-lined campus and two large schoolyards that include three play structures, a grassy field, and a large paved area for a multitude of games and activities. Kindergarten students enjoy a separate yard and play structure. All the school buildings were recently modernized, and a large Multi-Use Room was erected on site.

Day time and night time custodians ensure the entire school, including all restrooms, are cleaned regularly. The district maintenance team is notified when repairs are needed, and district staff maintains the school grounds. In addition, parents and staff are highly involved in keeping classroom patio gardens beautiful.

Cleaning Process:

The principal works daily with the custodial staff to ensure that the cleaning of the school is maintained to provide for a clean and safe school. The district governing board has adopted cleaning standards for all schools in the district. A summary of these standards are available at the district office for review.

Maintenance and Repair District:

Maintenance staff ensures that the repairs necessary to keep the school in good repair and work orders are completed in a timely manner. A work order process is used to ensure efficient service and highest priority are given to emergency repairs.

Deferred maintenance Budget:

The district participates in the State School Deferred Maintenance Program, which provides matching funds on a dollar-for-dollar basis, to assist school districts with expenditures for major repair or replacement of existing school building components. Typically this includes roofing, plumbing, heating, electrical systems, interior or exterior painting, and floor systems. While reviewing the facility report, please note that even minor discrepancies are reported in the inspection process. The items noted in the table have been corrected or are in the process of remediation.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. The CAAs have replaced the California Alternate Performance Assessment [CAPA] for ELA and mathematics, which were eliminated in 2015. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

2016-17 CAASPP Results for All Students

Subject	Percent of Students Meeting or Exceeding the State Standards (grades 3-8 and 11)					
	School		District		State	
	15-16	16-17	15-16	16-17	15-16	16-17
ELA	69	76	77	77	48	48
Math	64	73	73	72	36	37

* Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

**School Year 2016-17 CAASPP Assessment Results - English Language Arts (ELA)
Disaggregated by Student Groups, Grades Three through Eight and Eleven**

Student Group	Total Enrollment	Number Tested	Percent Tested	Percent Met or Exceeded
All Students	83	82	98.8	75.61
Male	49	49	100	75.51
Female	34	33	97.06	75.76

English Learners	--	--	--	--
Students with Disabilities	14	14	100	50

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

The achievement level percentages are calculated using only students who received scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

Opportunities for Parental Involvement (School Year 2017-18)

Parent and community involvement is a very strong feature at Brittan Acres. Parents are true partners with the school. The active PTA is a great source of support for Brittan Acres. Parents contribute thousands of volunteer hours at Brittan Acres each year, not only working with individuals or small groups of children, but also facilitating programs such as Art in Action and BUGS (Better Understanding of Garden Science). In addition, parents work closely with the Brittan Acres staff through our PTA, sponsoring many community events such as Walk-a-Jog, the Book Fair, the Holiday Store, STEM activities, Multicultural Day, the Pumpkin Carving Contest, Fall and Spring Clean-Up Days, the Hometown Days Parade, the Talent Show, and other events and activities. In addition to excellent parent support, the school enjoys a successful partnership with the San Carlos School District community, San Carlos Educational Foundation, as well as with the Rotary Club and local businesses. Community members also serve as volunteer tutors through the Healthy Cities program.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan

Safety of students and staff is a primary concern of Brittan Acres Elementary. The school is in compliance with all laws, rules, and regulations pertaining to hazardous materials and state earthquake standards. The School Site Safety plan is reviewed and revised annually in the fall by the School Safety Committee. All revisions are communicated to the both classified and certificated staff.

The school's disaster preparedness plan includes steps for ensuring student and staff safety during a disaster. Fire, earthquake and lockdown drills are conducted on a regular basis throughout the school year. Students are supervised by staff before school, during lunch and after school. There is a designated area for student drop off and pick up, and our student 3rd-grade Safety Patrol monitors drop off at the curb and in the hallways.

Professional Development provided for Teachers

As part of the growth process, opportunities for training and staff development are provided at both the district and individual school sites to administrators, teachers, and classified staff. The district offers two staff development days annually where staff members are offered professional growth opportunities in curriculum, teaching strategies, and methodologies, and staff development also occurs on early-release Wednesdays and during Staff Meetings throughout the year. The focus of Professional Development is personalized by allowing staff input in their areas of interest. This year's PD has included coaching sessions in Readers' Workshop, Math in Focus, and Project Based Learning. Areas of focus are determined by our Strategic Plan and LCAP, as well as input from staff on annual professional development surveys.

Types of Services Funded

Our school supports the varying educational needs of students through a variety of means. Student needs are often identified through teacher referrals and the Student Study Team (SST) process on campus. Based upon identified needs, varying levels of differentiation, accommodations, supports, models and programming are implemented including Response to Instruction and Intervention supports, English Language learners supports and services, as well as accommodations and services through Section 504 plans and special education. Services range from collaboration and consultation with specialists, to co-teaching and team-teaching models as well as direct intervention services.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
