Employee Use of Technology Policy

I. OBJECTIVES

The School's Acceptable Use Policy ("Policy") has been developed to ensure security and reliability of our systems and network and the networks and systems of others, prevent unauthorized access and other unlawful activities by users online, and to prevent unauthorized disclosure of or access to sensitive information.

The School will use technology protection measures to block or filter, to the extent practicable, access of visual depictions that are obscene, pornographic, and harmful to minors over the network, as required by the Children's Internet Protection Act ("CIPA").
