Ancient Civilizations SPICE Project

Each of you will be assigned one topic from one region for this unit. Your assignment is to use your textbook, review books, and online resources to create a one-page summary (with visuals) of your topic listing 5-7 key bullet statements (please do not use complete sentences and make sure the writing/typing is big enough and dark enough to see from a distance) as well as visuals. We will then combine your reading notes to create a large SPICE chart for all of the ancient civilizations.
