LINDEN UNIFIED SCHOOL DISTRICT
Board Action Item

Date: October 15, 2014
To: Superintendent
From: Ron Fortenberry, Chief Business Official
Tim Sutton, Director Maintenance & Operations
Subject: Public Hearing To Advertise For And Establish An Energy Service Agreement For Lighting And Control Services For The Linden Unified School District Under California Government Code Section 4217.10-4217.18

BACKGROUND:

This Public Hearing will authorize the District to advertise for and eventually establish an Energy Service Agreement under the auspices of California Government Code Section 4217.10-4217.18. Using this approval, staff will solicit responses to a consultant-prepared Request for Proposals for Lighting and Control Services for the Linden Unified School District. Ultimately, the District will enter into an Energy Services Agreement with a responsible contactor to perform this work, all under separate action by the Board of Education and as allowed by California Government Code Section 4217.10-4217.18.

Pursuant to California Government Code 4217.10-4217.18, notice is hereby given that a public hearing will be held at the regularly scheduled board meeting on October 15, 2014, to determine that the requirements of said code are duly met.

This Public Hearing provides an opportunity for anyone to comment on the proposed establishment of an Energy Service Agreement for lighting and control services for the District and the use of California Government Code Section 4217.10-4217.18 as a part of these efforts.

Note that the availability of the Public Notice was advertised pursuant to California Government Code 4217.10-4217.18 and no written or verbal comments were received prior to this meeting of the Board of Education.

FISCAL IMPACT: None at this time. Funding for the lighting and control work defined under the Energy Service Agreement will come from the state's Proposition 39 Energy Savings Program.

RECOMMENDATION: No action is required by the Board following the Public Hearing.
