

ACCEPTABLE USE POLICY (AUP) – STUDENT TECHNOLOGY Information for Students & Parents

The District’s Acceptable Use Policy (“AUP”) is to prevent unauthorized access and other unlawful activities by users online, prevent unauthorized disclosure of or access to sensitive information, and to comply with the Children’s Internet Protection Act (“CIPA”). As used in this policy, “user” includes anyone using the computers, Internet, email, social networking sites, chat rooms and other forms of direct electronic communications or equipment provided by the District (the “network.”).

Only current students or employees are authorized to use the network.

The District will use technology protection measures to block or filter, to the extent practicable, access of visual depictions that are *obscene, pornographic, and harmful to minors* over the network. The District reserves the right to monitor users’ online activities and to access, review, copy, and store or delete any electronic communication or files and disclose them to others as it deems necessary. Users should have no expectation of privacy regarding their use of District property, network and/or Internet access or files, including email.

Acceptable Uses of the LUSD Computer Network or the Internet

Because the District’s information services are used as part of District and school activities, all District and school codes of conduct and disciplinary procedures apply to activities involving use of the LUSD Network. The District has adopted an Acceptable Use Policy to set guidelines for the use of LUSD technology and network services. All students, employees, and parents or guardians shall follow the rules set forth in the Acceptable Use Policy and to report any misuse of the system to a teacher, administrator, supervisor or other appropriate District personnel. Access is provided primarily for education and District business. Staff may use the Internet, for incidental personal use during duty-free time. **By using the network, users have agreed to this policy.** If a user is uncertain about whether a particular use is acceptable or appropriate, he or she should consult a teacher, supervisor or other appropriate District personnel.

The use of LUSD technology or network services is a privilege, not a right, and inappropriate, unauthorized, or unacceptable use will result in the restriction or cancellation of a user’s privilege to utilize any LUSD technology or network related service or tool. Additionally, inappropriate, unauthorized, or unacceptable use may lead to disciplinary and/or legal action, including, but not limited to suspension, expulsion, or dismissal from school or employment, and/or criminal prosecution by government authorities. It is the user’s sole responsibility should restriction or cancellation of LUSD technology use privileges affect their ability to execute their duties as students or staff.
