Principal's Message

I would like to take this opportunity to welcome you to Amador Valley High School. Amador Valley High School is one of the top schools in California. Our school and its programs have received multiple awards and honors making it an ideal place for kids to receive their education. Amador Valley High School has recently been honored in "U.S. News and World Report's" Best High Schools ranking, achieving a silver ranking. When evaluated using criteria that highlight measurable academic outcomes, this organization ranks Amador among the top schools in the nation. Amador Valley continues to send graduates to the top colleges and universities in the country. In addition, Amador Valley has been honored as a "No Child Left Behind ... National Blue Ribbon School." These awards honor and validate the tremendous effort of the Amador Valley staff in supporting all students in their pursuit of excellence. Amador Valley, in partnership with the school district and the City of Pleasanton, has also been named a National School of Character by the Character Education Partnership. As a result of this award, Amador Valley has been chosen to mentor other schools across the nation in their efforts to develop and implement similar programs. Amador Valley has also been named a National Demonstration School by the Advancement Via Individual Determination (AVID) foundation, a non-profit organization that successfully prepares students in the "academic middle" for four-year college eligibility.

The Western Association of Schools and Colleges granted a six-year "clear" accreditation to Amador Valley's academic program. Amador Valley boasts an instructional program that strives to meet the needs of all students. Our teaching and support staff is committed to implementing innovative teaching strategies to assure all students receive a world class educational experience. Honors and Advanced Placement courses enhance our college-preparatory programs to provide our students with the opportunity for an in-depth exploration of the curriculum.

Amador Valley benefits from extensive community involvement from businesses and community groups. Pleasanton Partners in Education and the Tri-Valley Educational Collaborative facilitate collaboration between the educational and business communities in Pleasanton. Many of Amador Valley's students participate in internships at local businesses and research facilities. Community and business support of Amador Valley's Character Education Program further underscores the connection between the school and the community. Amador Valley offers a diverse extra-curricular/co-curricular program and all have received national recognition.

Our athletic program continues to excel with EBAL, North Coast Section, and Nor-Cal Championship athletic teams. Parent groups such as Parent Teacher Student Association, Amador Friends of Music, and the Amador Athletic boosters dedicate countless hours in support of our students and programs. We look forward to working with you individual students to help them achieve their goals for the 21st Century. Without question, Amador Valley is truly a great place for kids.

Amador Valley's focus is Common Core team building and equity. During this school year, Amador Valley is working on pacing guides and common assessments in all core academic areas in preparation for the full implementation of common assessments.

Mission Statement

The mission of Amador Valley High School is to promote and enhance the intellectual and personal growth of our students.

Our Goals...

- Improving Student Achievement
- Fostering Innovation and Creativity
- Developing Interpersonal Communication
- Increasing Global Orientation
- Supporting Personal Development
- Emphasizing Environmental Awareness
- Learning Lifetime Planning

School Profile

Amador Valley High School is located in the central region of Pleasanton and serves students in grades nine through twelve following a traditional calendar. At the beginning of the 2013-14 school year, 2634 students were enrolled, including 7.6% in special education, 3% qualifying for English Language Learner support, and 5.1% qualifying for free or reduced price lunch.

About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school at PH: (925) 461-6100 FAX: (925) 461-6133 or the district office.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2015-16)

All textbooks used in the core curriculum at Amador Valley High School are currently being aligned to the Common Core State Standards. Standards-based instructional materials are approved by the district's Board of Trustees. The district follows the State Board of Education's six-year adoption cycle for core content materials and the eight-year cycle for textbook adoptions in foreign language, visual and performing arts, and health.

On Tuesday, November 18, 2014, the Pleasanton Unified School District's Board of Trustees held a public hearing to certify the extent to which textbooks and instructional materials have been provided to students. The Board of Trustees adopted Resolution 2014-2015.08 which certifies as required by Education Code §60119 (1) that textbooks and instructional materials were provided to all students, including English learners, in the district to the extent that each pupil has a textbook or instructional materials, or both, to use in class and to take home, (2) sufficient textbooks and instructional materials were provided to each student, including English learners, that are aligned to the academic content standards and consistent with the cycles and content of the curriculum frameworks in math, science, history-social science, and English/language arts, (3) sufficient textbooks or instructional materials were provided to each pupil enrolled in foreign language or health classes, and (4) sufficient laboratory science equipment was available for science laboratory classes offered in grades 9-12 inclusive.

In addition to core subject areas, districts are required to disclose in their SARCs the sufficiency of instructional materials used for their visual/performing arts curricula. During the 2014-15 school year, Pleasanton Unified School District provided each student, including English learners, enrolled in a visual/performing arts class with a textbook or instructional materials to use in class and to take home. These materials complied with the state's content standards and curriculum frameworks.

School Facility Conditions and Planned Improvements (Most Recent Year)

The district takes great efforts to ensure that all schools are clean, safe, and functional through proper facilities maintenance and campus supervision. Amador Valley High School's original facilities were built in 1922; ongoing maintenance and campus improvements ensure facilities remain up to date and provide adequate space for students and staff. District maintenance and site custodial staff ensure that the repairs necessary to keep the school in good condition are completed in a timely manner. A work order process is used by school and district staff to communicate non-routine maintenance requests.

Every morning before school begins, the custodian inspects facilities for safety hazards or other conditions that need attention prior to students and staff entering school grounds. Four day custodians and four evening custodians (three full-time and one part-time) are assigned to Amador Valley High School. The day custodians are responsible for:

- Classroom cleaning
- Cafeteria setup/cleanup
- Groundskeeping
- Office area cleaning
- Restroom cleaning

Restrooms are checked throughout the day for cleanliness and subsequently cleaned as needed. The evening custodians are responsible for:

- Classroom cleaning
- Cafeteria cleanup
- Office area cleaning
- Restroom cleaning

The principal communicates with custodial staff daily concerning maintenance and school safety issues.

The district's maintenance department inspects Amador Valley High School on an annual basis in accordance with Education Code §17592.72(c)(1). Amador Valley High School uses a school site inspection survey to identify unsafe or hazardous conditions and facility improvement needs. The most recent school inspection took place on Monday, December 29, 2015. No emergency repairs were needed and no unsafe conditions were found. During fiscal year 2013-14, all restrooms were fully functional and available for student use.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

Opportunities for Parental Involvement

Parents stay informed on upcoming events and school activities through flyers, teacher newsletters, the school marquee, the school website, eConnection, PTSA published newspaper "Amador Valley Express", automated telephone message system, Zangle ParentConnect, PTSA, and follow on Twitter @AVHSPRINCIPAL. Contact Lisa Campbell at (925) 461-6100 for more information on how to become involved in your child's learning environment. Parents are encouraged to get involved in their child's learning environment either by volunteering in the classroom, participating in a decision-making group, or simply attending school events.

State Priority: School Climate

The SARC provides the following information relevant to the School Climate State Priority (Priority 6):

- Pupil suspension rates, pupil expulsion rates; and other local measures on the sense of safety.

School Safety Plan

The Comprehensive School Site Safety Plan was developed for Amador Valley High School in collaboration with local agencies and the district office to fulfill Senate Bill 187 requirements. Components of this plan include child abuse reporting procedures, teacher notification of dangerous pupil procedures, disaster response procedures, procedures for safe arrival and departure from school, sexual harassment policy, and dress code policy. The school's most recent school safety plan was reviewed, updated, and discussed with school staff in Fall 2014.

Professional Development provided for Teachers

All training and curriculum development activities at Amador Valley High School revolve around the Common Core State Standards. During the 2014-15 school year, Amador Valley High School held staff development devoted to:

- Data Analysis
- Technology Training
- AVID (Advancement Via Individual Determination)
- Equity and Closing the Achievement Gap
- Building Teams Common Core State Standards
- Instructional Strategies
- Developing Pacing Guides
- Common Assessment

Decisions concerning selection of staff development activities are performed by all staff using tools such as teacher input and data analysis to determine the areas in which additional teacher training may enhance classroom instruction and increase student achievement levels. Amador Valley High School supports on going professional growth throughout the year on late Wednesdays for PLC's. Teachers meet in both grade level and department level teams to conduct data analysis to identify areas of need. Teaching staff are provided the opportunity to participate in district-sponsored staff development workshops or training session as 1) a supplement to site-based staff development, 2) for reinforcement of or follow-up on previous training, or 3) follow-up training for newly implemented programs/curricula. During the 2013-14 school year, Amador Valley High School's teachers attended the following events hosted by the Pleasanton Unified School District:

- SMART Boards
- Bridging the Achievement Gap Using SMART Technologies and Treasures/Tesoros
- Implementing iCommunication in the Classroom
- Special Education Job Alike
- Getting Started with Google Sites
- Technical Writing for Science Class Greater Good Summer Institute for Educators
- Learning Circles Seminar Series
- CHSP (California History/Social Studies Project)
- Google in Education California Summit
- Universal Design for Learning (UDL) and the Common Core Standards
- IntegratED Conference - Improving Education with Technology
- World Language Collaboration
- Standards of Mathematical Practice
- Math Articulation from Middle to High School

Amador Valley High School offers support to new and veteran teachers through peer coaching and mentoring. Instructional aides are provided targeted training focused on teaching strategies and curriculum content. Substitute teachers are invited to staff development activities. All staff are encouraged to attend professional workshops and conferences. Classified support staff receive job-related training from department supervisors and district representatives.

Career Technical Education Programs

Students in grades nine through twelve receive counseling from school personnel regarding career paths and courses of study. During their freshman year, students meet with the counselor to discuss their four-year academic plan and are introduced to Amador Valley High School's technical and career education programs; the counselor meets at least once a year with each student to follow-up on their progress in meeting graduation requirements and career objectives. All career and technical education (CTE) courses comply with state-adopted content standards and are integrated into the student's four-year academic plan as elective courses. Amador Valley High School offers the following programs that promote leadership, develop job-related skills, provide on-the-job experience, and increase interest in school:

- Work Experience
- Regional Occupational Programs
- Workability
- Career Pathways
- Vocational Education Courses
- Career Exploration Week

Individual student assessment of work readiness skills takes place through:

- End of course exams
- Completion of course-required projects
- On-the-job observation
- Classroom observation

Work experience students are partnered with local community organizations that provide on-the-job training and mentoring for students 16 years of age or older. Work experience students receive guidance and supervision designed to ensure maximum educational benefit from part-time job placement. For more information, students should contact the counselor.

Regional Occupational Programs (ROP) are offered in partnership with the the Tri-Valley Regional Occupational Center. A variety of career technical education courses are available to help prepare high school students (16 years and older) for entry-level employment, upgrading current job skills, or obtaining more advanced levels of education.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners.)

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
