

Adopt - An - MVUSD - School

A SCHOOL-COMMUNITY PARTNERSHIP

Dear Community Partner:

Thank you for your interest in the Moreno Valley Unified School District's "Adopt-an-MVUSD-School" program. Adopt-an-MVUSD-School is designed to develop a long-term relationship between a specific church and a specific school that leads to greater understanding of, and support for, public education, while giving educators an awareness of the needs of the business world.

Our Board of Education and District administration firmly believe that it makes good education sense for the church community and the School District to work together to benefit the children of our community. This belief is shared by the Moreno Valley Chamber of Commerce, which co-sponsors the Adopt-an-MVUSD-School program and plays a major role in its implementation in the District.

We are pleased that you and your members are considering adopting one of our schools. If you decide to become an adopter and already have a school in mind, you need only schedule a meeting with the principal to begin the process. If you would like help in choosing a school, please call Tim McGillivray, Public Information Office, at (951) 571-7625.

Thank you,

Judy D. White, Ed.D.
Superintendent

Oscar Valdepeña, President and CEO
