

## Parent Information:

There are five important, on-line sources of information for parents:

1. The school's website [[www.bordentown.k12.nj.us/brhs](http://www.bordentown.k12.nj.us/brhs)] should be every parent's #1 source of information.
2. BRHS EBlast Newsletter, the BRHS parent newsletter, allows parents to be informed through email regarding information about the school. To sign up please click: [Subscribe to our Parent Newsletter](#) on our Home Page.
3. [PowerSchool](#), our on-line grading system, allows parents to access their students' grades and classroom assignments.
4. [BRHS Student/Parent Handbook](#) that contains just about everything parents need to know about Bordentown Regional High School. This handbook, accessible on our website, contains information for subscribing to both BRHS EBlast Newsletter and [PowerSchool](#).
5. [Naviance](#) helps students and families connect what students do in the classroom to their life goals, including finding colleges and careers based on their personal skills and areas of interests. Please contact your child's guidance counselor for your login ID and password.

## Opportunities for Parents

Parent participation is a critical component for the success of any school. Please become involved in at least one of our important parent organizations: Parent Advisory Committee, extracurricular parent organizations, such as Band Boosters, and Theater Boosters. The class advisors are always looking for help with fundraising and homecoming activities.
