

Parents: Get Involved with Career Planning!

Your child has taken the first step in the career planning process by getting started with *Kuder® Navigator*, and you can play an important role as they start their career journey. *Kuder Navigator* features interactive and reliable tools to make career planning fun, engaging, and relevant for today's middle school and high school students. Guided by a Career Planning Timeline, *Navigator* helps students learn about themselves with research-based assessments, build an education plan, and explore and prepare for various options after high school.

Learn About Kuder Navigator!

- Allows access from any Internet connection location, 24 hours a day (at home, public library, etc).
- Relates the results of brief interests, skills, and work values assessments to occupational information.
- Provides lifelong access to an online career portfolio.
- Allows students to search and compare college and career options, create a four-year education plan, find available scholarships and financial aid information, and build professional resumé.
- Helps your child select courses, college majors, and occupations based on assessment results.

Get Involved!

- Create your free *Kuder Navigator* parent account at www.kudernavigator.com in order to access additional resources and review your child's portfolio.
- Encourage your child to show you their assessment reports on the Internet and review the results together.
- Talk about your own career, past jobs, and future goals.
- Discuss the strengths your child sees in her/his own work.
- Encourage your child to get involved in extracurricular activities.

Did You Know

78% of students say that one or both parents are primarily responsible for helping plan for a career.

To learn more about your child's involvement with *Kuder Navigator*, please contact your school's administration or counseling staff.
