

# Otsego's Credit Recovery Registration Form

All coursework will be completed using PLATO's online curriculum. Teachers will be present to support learners.

Classes begin June 11 and run through July 11, 2014. Students must be present 8:00AM-12:00PM every day until the course is completed. Students should pay for and complete one year-long course at a time. If a student wishes to attempt a second course, a decision will be made between the parent, the student, and the administrator to determine if enough time remains in the summer session to complete the work. If coursework is not completed by the end of July, no refunds will be issued.

Please complete all information below. Please print.
