

LUNCH PROGRAM

Each month, you will receive a copy of the monthly lunch menu in the online Thursday Folder. Students can choose to take hot lunch on a day-to-day basis. If you would like to join your student for lunch, the cost of the guest lunch (\$3.60 for 2016-2017) can be taken from your student's lunch account. Lunch prices may change in the fall.

If your child brings a cold lunch, they may elect to have a carton of milk. Lunch milk can be charged against your lunch account. All

the student needs to do is tell the person scanning their lunch cards that they want milk only. The 2016-2017 cost for an extra milk is 35 cents.

Besides the milk that is provided at lunchtime, Kindergarten students will be receiving milk during their milk break. A separate check should be sent for the milk break. Watch for information that will be mailed in Late Summer.

The food service department uses School Dining System to manage lunch accounts. Parents can access their family's lunch accounts to find out their lunch account balance, see what their student(s) has eaten, and view all account transactions. Watch for information in the Back to School issue of the DePere HiLights mailed in the fall.

Our lunch program this year costs \$2.50 per student. Prepayment envelopes are available in the office. Deposits can be made in any amount. Families may drop off lunch payments at the District Office until 10:00 a.m. for same day credit.

If you have any questions, you can contact the office and they will be happy to assist you.
