

BOARD REPORT

Randolph Field Independent School District

August 31, 2017

RFISD New Teachers Introduced at Board Meeting

The Board of Trustees got a chance to meet the newest members of the RFISD team, as the new teachers and staff at each campus were introduced and recognized. We are blessed to continue to recruit and retain highly qualified staff for our students! Welcome aboard!

RFISD Board Adopts District Goals

Each year, the RFISD board adopts district goals. These goals provide a framework that each campus and teacher team can work within to achieve the level of excellence that RFISD has come to enjoy. The district goals allow flexibility at the campus and team level to ensure classroom teams can develop specific goals based on data disaggregation. This process has proven to be very successful for RFISD and will help ensure we continue to improve. They can be found on the districts website.

RFISD Enrollment Is Increasing

Randolph Field ISD enrollment is up significantly in the past four years from 1134 in August 2013 to 1443 current enrollment. This growth is beneficial to sustaining a healthy student population, which benefits the district in several ways. We appreciate the growth we have experienced and will continue to provide the best education possible in the safest environment possible.

RFISD Board Hears Report on Long Range Facilities Plan and Hires Architects

The Superintendent gave an update to the Board of Trustees regarding the new construction at the secondary campus. The new gym/cafeterium is now fully open and operational, along with new softball and baseball fields. The next phase is to construct a new maintenance and transportation facility. The board voted unanimously to hire *Open studio architecture* as the architect of record, and *Barham Architects* as the third party review firm. Design work of the middle school addition has begun with an expectation of design being completed by January 2018. More information will follow as we progress with this addition. This is an exciting time as we work to provide the type of facilities that our students and staff deserve.

Other business as usual: Minutes approved, district finance report, TASB policy update, Student Code of Conduct

Next Board Meeting: September 28, 2017- 4:15 p.m.
