

Milton Town School District

Policy

E100P: SECURITY CAMERAS

Security cameras placed in the schools and on buses will be operational at all times.

Recordings are kept for 14 days.

Available school cameras will be directed toward entrances and halls next to entrances.

Law Enforcement Requests to View Recordings:

1. When a law enforcement official, in the course of an investigation, requests to view security recordings, the request will be made to the building Principal. If the building Principal is not available, the request will be made to the Assistant Principal, Dean of Students, and/or the Principal's designee, who will then consult with the Superintendent. If the request is granted by the Principal, as soon as possible, the Principal will call to inform the Superintendent or designee.
2. When a law enforcement official, in the course of an investigation, requests a copy of a specific security recording(s), the request will be made to the Superintendent in the form of a subpoena. After consultation with and based upon the recommendation of legal counsel, the Superintendent or his/her designee will authorize the Principal, Assistant Principal, Dean of Students, or Principal's designee, to provide the law enforcement official with the requested copy.

The Superintendent or designee will provide the Milton Police Department with remote computer access for the purpose of monitoring an immediate crisis.
