CU DENVER HIGH SCHOOL CONCURRENT ENROLLMENT APPLICATION INSTRUCTIONS

High School juniors and seniors with above average academic abilities may apply to the University of Colorado Denver for courses which supplement (but do not replace) their high school programs. These must be courses not currently available at the student's high school. Courses taken at CU Denver will appear on a University of Colorado transcript and may affect the student's eligibility for admission to a degree program at the University of Colorado or other collegiate institutions. If admitted, credit for courses successfully completed may be applied toward an undergraduate degree.

Applicants wishing to apply for consideration as CU Denver High School Concurrent Enrollment students must submit the following materials:

1. Completed online application for Non-Degree Undergraduate Student (includes \$50 non-refundable application fee)
2. Completed Parent/Counselor/Principal Approval Form
3. Official high school transcript
4. SAT or ACT scores (if available)

NOTE: CU Denver High School Concurrent Enrollment students are admitted for one semester at a time. A student wishing to enroll for classes at CU Denver in subsequent semesters must complete steps 2 and 3 each semester. The application fee will be waived after the first semester.

APPLICATION DEADLINES:

Summer Semester - May 15

Fall Semester - July 15

Spring Semester - January 5
