INCLEMENT WEATHER DAYS

The safety of all children is our first concern when deciding if school must be closed or operated on a delayed schedule because of weather conditions.

DELAYED OPENING SCHEDULE: A “delayed opening” schedule may be called on days when ice, snow, or other weather extremes are in evidence in the early morning, but clearing weather and clear roads are expected later in the morning. On the delayed opening schedule, all schools will end at the regularly scheduled time.

EARLY CLOSING OF SCHOOL: In case of snow, icy conditions, or other weather extremes which occur during the school day and cause hazardous driving conditions, school may be dismissed early. If school is dismissed early, the Superintendent of Schools will notify selected radio and TV stations, which are listed to the right. Working parents are advised to make arrangements for childcare on days when school must be dismissed early. If students are dismissed early because of hazardous conditions, students will be transported to the afternoon location as specified by parents on the “Bus Stop Location Information” form usually completed at the beginning of the school year. Students driven to and from school by means other than the school bus must be picked up by parents at school as quickly as possible. Radio and television stations, listed to the right, will be contacted as soon as feasible. Parents are encouraged to listen to them for announcements concerning the cancellation of school.

PAMLICO COUNTY SCHOOL SYSTEM'S

“ALERT NOW” SYSTEM: The “Alert Now” System will be activated to call parents(s)/guardians(s) concerning school closing, school delay, or early closing due to severe weather. *In order for this system to be effective, please make sure the school has an updated telephone number for your child.*
