PHYSICAL EXAM & IMMUNIZATION LETTER

April 9, 2015

Dear Parent or Guardian:

The Commonwealth of Pennsylvania's School Health Code SC1402-3 requires each pupil in **kindergarten or first, sixth and eleventh grades** to receive a physical examination.

You are urged to have this examination performed by your family physician, at his office, within one year of the beginning of the school year, to enable correction of any physical defects or problems. Please have your physician complete the enclosed **private physician's record of physical examination** form, and attach any immunization updates.

*The Commonwealth of Pennsylvania requires that schools maintain specific immunization information for each child in attendance. **Please review the attached immunization chart with your physician to ensure that all required immunizations are current so that your child's attendance will not be interrupted.***

We ask that **all forms be returned to the school nurse by September 1st** so arrangements can be made to schedule physical examinations at school for any children who were not examined by the family doctor. All children who do not return a form completed by a physician may be scheduled for a **free** examination by the school physician.

Sincerely,

Carl Barbarino
PPO/Child Accounting Manager

Pennsylvania State law requires every child attending school, regardless of age, has the basic immunizations. You must show proof of immunizations from doctor or baby book. All dates need to be verified by your physician. For required immunizations, please see reverse side.

Immunizations will be reviewed by the nurse in your child's attending building. If the nurse finds discrepancies, she will call you.

If there is a medical reason why your child should not be fully immunized, please present a certificate from your physician stating the reason. If you object to immunizations for religious reasons, the state requires that you inform the school in writing.
