4-H Honor Club is a statewide organization of outstanding junior high (6-8th grades) and senior (9-12th grades) 4-H members. Honor Club is based on participation, not awards; you don't win membership in the Honor Club, you earn it!

You get points for everything you do – completing projects, participating in events and activities, making presentations, helping other 4-H'ers, volunteering in the community - you even get points for just joining 4-H!

Anyone can become an Honor Club member if they're just willing to participate, and participating is fun! Why not join us to learn more? You can come anytime during the fill-out period; parents are welcome, too, but are not required to stay.
