

INSPIRATION

Inspired by the Life of Eva Bready, whose love of learning and innovative and dedicated teaching prepared a generation of students to excel, and by the Life of Gerry Bready, whose career in math and science enriched his community, the West Orange - Cove CISD Education Foundation seeks to ensure the success of future generations of students and allow them to experience the wonder and exploration of science, math and other academic disciplines.

HELPING STUDENTS SUCCEED

OUR HERITAGE, OUR FUTURE

A NEW ERA BEGINS

The opening of West Orange - Cove CISD's brand new school buildings coincides with the establishment of our new Education Foundation. The Foundation is committed to providing funds for special instructional programs which would otherwise not be possible through traditional funding. We hope you will join us in making our students' dreams come true by partnering with our Foundation to help provide these innovative learning opportunities.

“The Foundation provides a beautiful opportunity for a deserving group of people. The greatest natural resource we have is our children. Teachers are responsible for this resource and to reward them with grants is tremendous recognition.”

*Bill Conway
Interim Superintendent
West Orange - Cove CISD*

EDUCATION FOUNDATION MISSION STATEMENT

The West Orange - Cove CISD Education Foundation will partner with the community to enrich teaching, inspire learning and maximize innovative opportunities for students in the West Orange - Cove Consolidated Independent School District by providing funding for educational opportunities not normally available through or from traditional funding sources.

GOALS

- To provide innovative learning opportunities for students that would not be funded through the traditional district budget;
- To support teacher generated initiatives that will enhance students' understanding and love of science, math, reading and the arts;
- To recognize exemplary and innovative teaching; and
- To partner with the community in promoting and developing quality education for students of WOCCISD, the leaders and workers of tomorrow.

ABOUT WEST ORANGE - COVE

The District serves approximately 2500 students, with approximately 80 percent of them meeting socioeconomically disadvantaged criteria. In spite of experiencing three hurricanes, these students continue to excel. They have achieved State Championships and State Finalist status in athletics, career and technology, University Interscholastic League academics, the arts, and extra-curricular organizations. West Orange - Cove is the **HOME of CHAMPIONS**. It is also recognized by the Texas Excellence Project as one of the top schools in the State of Texas for academic performance by African-American students.
