School Accountability Report Card

Reported for School Year 2010-11

Published During 2011-12

The School Accountability Report Card (SARC), which is required by law to be published annually, contains information about the condition and performance of each California public school. More information about SARC requirements is available on the California Department of Education (CDE) [SARC Web page at http://www.cde.ca.gov/ta/ac/sa](http://www.cde.ca.gov/ta/ac/sa). For additional information about the school, parents and community members should contact the school principal or the district office.

I. Data and Access

ED-Data Partnership Web Site

Ed-Data is a partnership of the CDE, EdSource, and the Fiscal Crisis and Management Assistance Team (FCMAT) that provides extensive financial, demographic, and performance information about California's public kindergarten through grade twelve school districts and schools.

DataQuest

DataQuest is an online data tool located on the CDE [DataQuest](#) Web page that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., Academic Performance Index [API], Adequate Yearly Progress [AYP]), test data, enrollment, graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2010-11)

Columbia School has adopted a theme of *"Hands, Hearts and Minds"* and is involved in a number of community services projects. Columbia has been named as a California Distinguished School three times by the California State Department of Education, and honored as a California All Star All Star School in 2010

The School enjoys strong parent and community support. The Columbia Parent Club, School Site Council, and Principal's Advisory meet regularly to plan, discuss site issues and implement projects beneficial to the school. There is extensive use of community resources in support of the educational program.

The staff and parents of Columbia Elementary believe that every student can reach his/her highest potential of academic growth, personal integrity and responsibility.

The staff and parents agree that academic success will be achieved through opportunities and experiences that will unleash every child's special talent(s). With a comprehensive, integrated curriculum, students will learn a basic set of knowledge and develop a curiosity and love of learning that will motivate them to seek new information.

The staff and parents propose that every student will have opportunities to develop a personal integrity that will respect others, service to the community and oneself.

Students will leave Columbia with a personal responsibility, a strong base of knowledge, a sense of service to their communities and recognition of their own unique talents. These core values will help students throughout their school careers and lives.

Opportunities for Parental Involvement (School Year 2010-11)

The Governing Board recognizes that parents/guardians are their children's first and most influential teachers and that continued parental involvement in the education of children contributes greatly to student achievement and a positive school environment.

Parents support their children's academic efforts and their development as responsible members of society by helping their students at home with their schoolwork, attending conferences and providing a caring environment.

Fruitvale encourages parents/guardians to serve as volunteers in the schools, attend student performances and school meetings, and participate in site councils, advisory councils and other activities in which they may undertake governance, advisory and advocacy roles.

Parent Clubs at each school are currently active in providing many activities for Fruitvale School District students. They work together to assist in school programs and community projects. Please contact the school for specific information and opportunities for parent involvement.

III. School Climate**School Safety Plan (School Year 2010-11)**

The School Safety Plan is revised yearly taking into account staff changes as well as content revisions. The Emergency Preparedness portion of the plan is modeled after State Standardized Emergency Management System.

The plan is dedicated to the ongoing enhancement of all aspects of school safety including:

- Maintenance of safe and orderly learning environment by maintaining the buildings and grounds to a high standard.
- Student transition to and from school with instructions on how to cross streets safely and a crossing guard posted by the school. Along with this there is a Transportation Safety Plan that includes instructions on how to board and exit the bus safely, how the red cross-over lights are used and annual evacuation exercises.
- Student behavior and discipline is outlined in the plan and is given to the parents and students via the Student/Parent handbook at the beginning of the school year.
- Disaster preparedness is accomplished by training the staff to respond to natural disasters or evacuations due to potential hazards. Many of the staff are trained in first aid and CPR procedures along with triage, search and rescue and student security in the event of an emergency.
- Playground and classroom facilities and equipment are inspected annually with written reports of the findings. The play equipment has been inspected by a certified playground inspector and there is an ongoing maintenance program to improve the safety of the equipment. A quarterly inspection of the buildings, grounds and play equipment is done by the Lead Custodian and documented on a standard form.
- Student, parent and staff safety training is done on an ongoing basis through in-services, fire and earthquake drills and parent universities.

IV. School Facilities

School Facility Conditions and Planned Improvements (School Year 2011-12)

Columbia School opened for the 1995-96 school year. The construction was financed by district voter approval of Measure A in 1994. The school is included in the District five-year deferred maintenance plan that is submitted to the State. On-going maintenance and painting is regularly scheduled for the campus.

The Director of Maintenance, Operations and Transportation oversees the team of custodial staff assuring that classrooms, offices, restrooms, and the campus grounds are kept clean and safe. Custodians are on hand during the day and evenings at each school site. School grounds are mowed and maintained on a weekly basis. Communication is ensured by the use of two-way radios at each school site for daily use and in case of emergency.

The data reported is the determination of good repair as documented in a complete Interim Evaluation Instrument. School site inspection date was April 19, 2011.

IX. Student Performance

Standardized Testing and Reporting Program

The Standardized Testing and Reporting (STAR) Program consists of several key components, including the California Standards Tests (CSTs); the California Modified Assessment (CMA), and the California Alternate Performance Assessment (CAPA). The CSTs show how well students are doing in relation to the state content standards. The CSTs include English-language arts (ELA) and mathematics in grades two through eleven; science in grades five, eight, and nine through eleven; and history-social science in grades eight, and ten through eleven. The CAPA includes ELA, mathematics, and science in grades two through eleven, and for science for grades five, eight, and ten. The CAPA is given to those students with significant cognitive disabilities whose disabilities prevent them from taking either the CSTs with accommodations or modifications or the CMA with accommodations. The CMA includes ELA and mathematics for grades three through eight and science in grade five and is an alternate assessment that is based on modified achievement standards. The CMA is designed to assess those students whose disabilities preclude them from achieving grade-level proficiency on an assessment of the California content standards with or without accommodations. Student scores are reported as performance levels. Detailed information regarding the STAR Program results for each grade and performance level, including the percent of students not tested, can be found on the CDE [Standardized Testing and Reporting \(STAR\) Results](#) Web site. Program information regarding the STAR Program can be found in the [Explaining 2010 STAR Program Summary Results to the Public guide](#). Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy. In no case shall any group score be reported that would deliberately or inadvertently make public the score or performance of any individual student.

X. Accountability

Academic Performance Index

The Academic Performance Index (API) is an annual measure of the academic performance and progress of schools in California. API scores range from 200 to 1,000, with a statewide target of 800. Detailed information about the API can be found on the [CDE Academic Performance Index \(API\) Web page](#).

Academic Performance Index Ranks – Three-Year Comparison

This table displays the school's statewide and similar schools API ranks. The statewide API rank ranges from one to ten. A statewide rank of one means that the school has an API score in the lowest ten percent of all schools in the state, while a statewide rank of ten means that the school has an API score in the highest ten percent of all schools in the state. The similar schools API rank reflects how a school compares to 100 statistically matched "similar schools." A similar schools rank of one means that the school's academic performance is comparable to the lowest performing ten schools of the 100 similar schools, while a similar schools rank of ten means that the school's academic performance is better than at least 90 of the 100 similar schools.

Adequate Yearly Progress

The federal NCLB Act requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria:

- Participation rate on the state's standards-based assessments in ELA and mathematics
- Percent proficient on the state's standards-based assessments in ELA and mathematics
- API as an additional indicator
- Graduation rate (for secondary schools)

Detailed information about AYP, including participation rates and percent proficient results by student group, can be found on the CDE [Adequate Yearly Progress \(AYP\) Web page](#).

Federal Intervention Program (School Year 2011-12)

Schools and districts receiving federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (ELA or Mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP. Professional Development

Staff development priorities for 2010-11 include analyzing student assessment, unwrapping the standards and technology. Training and staff development are provided at both the District and individual school site level. Fruitvale School District is part of the Kern County BTSA (Beginning Teacher Support and Assessment) Consortium. In the BTSA program, first and second year credentialed teachers are paired with District BTSA support providers who will mentor them in the California Standards for the teaching profession.

Teachers who have met California's subject matter requirements, but who are not fully credentialed will participate in the Intern program. Intern teachers will be paired with a credentialed teacher to participate in a planned sequence of instruction to obtain a California Teaching credential.

Inservice training and curriculum improvement is administered by the Director of Curriculum/Staff Development in conjunction with the Principal, School Site Council, mentor teachers, and various teacher advisory groups. Professional Development occurs twice each school year for .5 days each time. Students are dismissed on a Minimum Day Schedule at 12:30. In addition, "time banking" allows for an early release one day per week for grades three-six. Students are dismissed 50 minutes early every Wednesday.
