

Family Technology Contract for

1. I understand that having my device is not a right, but a privilege given to me by my parents and that the following terms are meant for my own protection because they love me.
2. I will share my usernames and passwords with my parents and not get upset when they look at any of my accounts.
3. When I am old enough, I will not be on my phone while driving. It will remain out of my hands until I get where I'm going.
4. I will immediately tell my parents if something or someone makes me uncomfortable online. This includes inappropriate pictures, comments, invitations, or phone calls.
5. I understand that I may not use my device between _____ and _____ so that I can focus on chores, homework, family, and sleep.
6. I know that stranger danger applies to the internet the same way it does in real life. I'll check with my parents before interacting with someone I don't know.
7. I understand that what I choose to put online stays online and can be seen online forever.
8. I will be respectful of others and of myself on the internet. This means never bullying or teasing anyone online.
9. I understand that a sent text or photo cannot be taken back.
10. I understand that if I break this contract there are consequences including, but not limited to, losing my phone privileges
