

History

The Wylie Center is the product of a merger of two long-standing and well-respected non-profit agencies, the Youth Service Center and the Children's Center of the Inland Counties. The two agencies joined in 2006, building upon over 50 years of combined experience helping families with unique needs. The new organization was named in honor of Carolyn E. Wylie, a long-time friend and advocate for children and youth in Riverside County.

Who We Are
