

10th Grade Course Selections 2018-2019

Counselors will begin meeting with students during their English classes the week of February 26th. Mrs. Pearson and Ms. Reyes review each student's current courses and highlight the classes they need to take in 10th grade to stay on track for graduation. When we meet with classes, we will guide students in making their selections, but they are able to make changes until June 1st. In March, students will bring home a verification sheet with a list of the courses they selected.

Students will need to select a focus area next year, if they didn't take STEM, Criminal Justice, Health Science, or Computer Applications here at the Academy. The focus area courses that are available for Sophomores are listed on the back of the course card. You can view a copy of the course card, focus elective card, and the BHS Curriculum Guide; which lists detailed information about each course offered at the high school, by clicking the links below.
