Re: Disposal of Obsolete Sewing Machines and Tables

We are requesting that you designate the sewing machines and tables on the attached list as obsolete.

These units were purchased many, many years ago, are not working, missing parts and too expensive to repair.

The list and LUSD Inventory tags from the sewing machines and tables are attached.

Items for Discard from room 14 at Linden High School

The following items were found in an outside storage closet. They had labels on them indicating they were to be discarded. I found a bunch of cords and thought we might be able to get them running. The cords we have are not complete sets and thus the machines are not able to be used.

Item	Quantity	Serial #	Age	Why discarding	Tag
Sewing Tables	9	N/A	~ 50+ years	Broken down, Cannot be used with working machines	N/A
Singer Sewing Machine Model 609	1	AR79552_	50+	Missing Power cord Machines are not made any more and parts are rare and expensive	2508
