

WPACES Anti-Bullying Policy

Effective Date: July 15, 2015

The West Philadelphia Achievement Charter Elementary School (WPACES) Board of Trustees recognizes that a school that is physically and emotionally safe and secure for all students promotes good citizenship, increases student attendance and engagement, and supports academic achievement. To protect the rights of all students and groups for a safe and secure learning environment, the WPACES Board of Trustees prohibits acts of bullying, harassment, and other forms of aggression and violence. Bullying or harassment, like other forms of aggressive and violent behaviors, interferes with both a school's ability to educate its students and a student's ability to learn. All administrators, faculty, staff, parents, volunteers, and students are expected to refuse to tolerate bullying and harassment and to demonstrate behavior that is respectful and civil. It is especially important for adults to model these behaviors (even when disciplining) in order to provide positive examples for student behavior.

"Bullying" or "harassment" is any gesture or written, verbal, graphic, or physical act (including electronically transmitted acts – cyber-bullying, through the use of internet, cell phone, personal digital assistant (pda), computer, or wireless handheld device, currently in use or later developed and used by students) that is reasonably perceived as being dehumanizing, intimidating, hostile, humiliating, threatening, or otherwise likely to evoke fear of physical harm or emotional distress and may be motivated either by bias or prejudice based upon any actual or perceived characteristic, such as race, color, religion, ancestry, national origin, gender, sexual orientation, gender identity or expression; or a mental, physical, or sensory disability or impairment; or by any other distinguishing characteristic, or is based upon association with another person who has or is perceived to have any distinguishing characteristic. Bullying and harassment also include forms of retaliation against individuals who report or cooperate in an investigation under this policy. Such behaviors are considered to be bullying or harassment whether they take place on or off school property, at any school-sponsored function, or in a school vehicle or at any time or place where a child's imminent safety or over-all wellbeing may be at issue.

"Bullying" is conduct that meets all of the following criteria:

- is reasonably perceived as being dehumanizing, intimidating, hostile, humiliating, threatening, or otherwise likely to evoke fear of physical harm or emotional distress;
- is directed at one or more individuals;
- is conveyed through physical, verbal, technological or emotional means;
- substantially interferes with educational opportunities, benefits, or programs of one or more students;
- adversely affects the ability of a student to participate in or benefit from the school district's or public school's educational programs or activities by placing the student in

reasonable fear of physical harm or by causing emotional distress; and,

- is based on a student's actual or perceived distinguishing characteristic (see above), or is based on an association with another person who has or is perceived to have any of these characteristics.

“Harassment” is conduct that meets all of the following criteria:

- is reasonably perceived as being dehumanizing, intimidating, hostile, humiliating, threatening, or otherwise likely to evoke fear of physical harm or emotional distress;
- is directed at one or more students;

- is conveyed through physical, verbal, technological or emotional means;

- substantially interferes with educational opportunities, benefits, or programs of one or more students;
- adversely affects the ability of a student to participate in or benefit from the school district's or public school's educational programs or activities because the conduct, as reasonably perceived by the pupil, is so severe, pervasive, and objectively offensive as to have this effect; and,
- is based on a student's actual or perceived distinguishing characteristic (see above), or is based on an association with another person who has or is perceived to have any of these characteristics.

The scope of this policy includes the prohibition of every form of bullying, harassment, and cyber-bullying/harassment, whether in the classroom, on school premises, immediately adjacent to school premises, when a student is traveling to or from school, or at a school-sponsored event, whether or not held on school premises. Bullying or harassment, including cyber-bullying/harassment, that is not initiated at a location defined above is covered by this policy if the incident results in a potentially material or substantial disruption of the school learning environment for one or more students and/or the orderly day-to-day operations of any school or school program.

The WPACES Board of Trustees Board of Trustees expects students to conduct themselves in a manner in keeping with their levels of development, maturity, and demonstrated capabilities with a proper regard for the rights and welfare of other students, school staff, volunteers, and stakeholders.

The WPACES Board of Trustees Board of Trustees believes that a comprehensive health education curriculum, within a coordinated school health framework, helps students attain knowledge and skills vital to school success, a productive workforce and good citizenship. Critical skills include anticipating consequences of choices, making informed decisions, communicating effectively, resolving conflicts, and developing cultural competency.

The WPACES Board of Trustees Board of Trustees board of education recognizes that in order to have the maximum impact, it is critical to provide a minimum of annual training for school employees and volunteers who have significant contact with our students on school policies and procedures regarding bullying and harassment. Training will provide school employees with a clear understanding of their roles and responsibilities and the necessary skills to fulfill them. The WPACES Board of Trustees Board of Trustees believes that standards for student behavior must be set through interaction among the students, parents and guardians, staff, and community members of the charter school, producing an atmosphere that encourages students to grow in self-discipline and their ability to respect the rights of others. The development of this atmosphere requires respect for self and others, as well as for community property on the part of students, staff, parents, and community members.

The WPACES Board of Trustees Board of Trustees believes that the best discipline for aggressive behavior is designed to (1) support students in taking responsibility for their actions, (2) develop empathy, and (3) teach alternative ways to achieve the goals and the solve problems that motivated the aggressive behavior. Staff members who interact with students shall apply best practices designed to prevent discipline problems and encourage students' abilities to develop self-discipline and make better choices in the future.

Since bystander support of bullying and harassment can encourage these behaviors, WPACES prohibits both active and passive support for acts of harassment or bullying. The staff should encourage students not to be part of the problem; not to pass on the rumor or derogatory message; to walk away from these acts when they see them; to constructively attempt to stop them; to report them to the designated authority; and to reach out in friendship to the target. Periodic classroom meetings should be conducted to teach bystanders how and when to respond to bullying and harassment incidents. Informal classroom discussions and activities designed to provide awareness and increase student connectedness promote a positive shift in peer norms that will support empowered bystanders. When bystanders do report or cooperate in an investigation, they must be protected from retaliation with the same type of procedures used to respond to bullying and harassment.

The WPACES Board of Trustees Board of Trustees requires its school administrators to develop and implement procedures that ensure both the appropriate consequences and remedial responses to a student or staff member who commits one or more acts of bullying and harassment. The following factors, at a minimum, shall be given full consideration by school administrators in the development of the procedures for determining appropriate consequences and remedial measures for each act of harassment or bullying. Factors for Determining Consequences

- Age, development, and maturity levels of the parties involved
- Degree of harm (physical and/or emotional distress)
- Surrounding circumstances
- Nature and severity of the behavior(s)

- Incidences of past or continuing pattern(s) of behavior
- Relationship between the parties involved
- Context in which the alleged incident(s) occurred

In order to ensure students' perception of fair and impartial treatment, a student's academic status is not a legitimate factor for determining consequences. Consequences must be perceived as fair and impartial.

Factors for Determining Remedial Measures

Personal

- Life skill competencies
- Experiential deficiencies
- Social relationships
- Strengths
- Talents
- Traits
- Interests
- Extra-curricular activities
- Classroom participation
- Academic performance

Environmental

- School culture
- School climate and lack of connectedness
- Student-staff relationships and staff behavior toward the student
- Level of consistency in staff responses to bullying or harassing behaviors
- Level of consistency in application or severity of consequences given to students

- General staff management of classrooms and other educational environments
- Staff ability to prevent and de-escalate difficult or inflammatory situations
- Social-emotional and behavioral supports
- Social relationships
- Community activities
- Neighborhood culture
- Family situation
- Range and number of opportunities for student engagement, involvement, and recognition for achievement (beyond academics)

Consequences and appropriate remedial actions for a student or staff member who engages in one or more acts of bullying or harassment may range from positive behavioral interventions up to and including suspension or expulsion, in the case of a student, or suspension or termination in the case of an employee, as set forth in the board of education's approved code of student

conduct or employee handbook. School employees will also be held accountable for bullying or harassing behavior directed toward school employees, volunteers, parents, or students. Consequences for a student who commits an act of bullying and harassment shall vary in method and severity according to the nature of the behavior, the developmental age of the student, and the student's history of problem behaviors and performance, and must be consistent with the Board of Trustee's approved code of student conduct. Remedial measures shall be designed to: correct the problem behavior; prevent another occurrence of the behavior; and protect the victim of the act. Effective discipline should employ a school-wide approach to adopt a rubric of bullying offenses and the associated consequences. The consequences and remedial measures may include, but are not limited to, the examples listed below:

Examples of Consequences

- Admonishment
- Participation in a guided reflection process designed to teach alternative behavior

All other members of the school community, including students, parents, volunteers, and visitors, are encouraged to report any act that may be a violation of this policy. Reports may be made anonymously, but formal disciplinary action may not be based solely on the basis of an anonymous report.

The WPACES Board of Trustees Board of Trustees requires the principal and/or the assistant principal to be responsible for determining whether an alleged act constitutes a violation of this policy. In so doing, the principal and/or the assistant principal shall conduct a prompt, thorough, and complete investigation of each alleged incident. The investigation is to be completed within three school days after a report or complaint is made. The parents of the students involved shall

receive written notice from the school on the outcome of the investigation (in compliance with current privacy laws and regulations). All reports on instances of bullying and/or harassment must be recorded by the school for annual data review.

The WPACES Board of Trustees Board of Trustees prohibits reprisal or retaliation against any person who reports an act of bullying or harassment or cooperates in an investigation. The WPACES Board of Trustees Board of Trustees prohibits any person from falsely accusing another as a means of bullying or harassment. The consequences and appropriate remedial action for a person found to have falsely accused another as a means of bullying or harassment may range from positive behavioral interventions up to and including suspension or expulsion. Consequences and appropriate remedial action for a school employee found to have falsely accused another as a means of bullying or harassment shall be in accordance with charter school policies, procedures, and agreements.
