School Accountability Report Card

Reported Using Data from the 2016-17 School Year

Published During 2017-18

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2017-18)

Hurley Elementary School was built in 1962, and it serves approximately 525 students in grades TK-6 in the city of La Puente, California. Beautiful landscaping, modernized classrooms, and the gorgeous San Gabriel mountains set the scene at Hurley Elementary School. The Hurley student population includes a 96% Hispanic/Latino ethnic demographic. 88% of students are classified as socioeconomically disadvantaged and 59% are English Learners. Our mission is to actively engage students in their own learning. We are certain that by valuing every student and providing them with a culturally proficient curriculum, we can motivate them to realize their full potential. We believe in providing a high quality education through the use of effective teaching techniques and technology to meet the needs of all learners. By fostering a collaborative culture that allows for diverse ideas and a lasting partnership with parents, both parents and the school community strive to inspire students to become lifelong learners who make positive contributions to society.

We are home to a Dual Immersion program that currently services grades TK-6. The Dual Immersion program has three goals (1) bilingualism which is high levels of speaking proficiency in English and Spanish (2) bi-literacy which is high levels of academic proficiency in English and Spanish and (3) multicultural competence which is an understanding of and appreciation of different cultures. In addition to a Dual Immersion program, Hurley Elementary offers a 60 minute per week computer literacy course for our students, a 50 minute per week music block and a 50 minute per week block with a Physical Education specialist. Hurley offers an elementary sports program for students in grades 4-6 in the area of softball, soccer and basketball. Additionally, Hurley offers students in grades 4-6 an opportunity to develop leadership capacities through Student Council. Our GATE program offers after school experiences in Robotics and Science and Engineering for all interested scholars.

The vision of Hurley Elementary School is to produce highly collaborative, culturally proficient, responsible citizens who are intellectually and technology competent in a global society.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

School Facility Conditions and Planned Improvements (Most Recent Year)

The district's core values of safety and excellence are manifested in our commitment to provide the best maintained and cleanest facilities possible.

School site inspections are conducted on a monthly basis to assess cleanliness and safety at all district sites.

Regular pest control operations including pesticide applications are ongoing. All such work is performed in strict accordance with applicable regulations.

Ongoing assessment of site cleanliness is performed by the district's facilities and custodial manager. This process includes evaluation of new cleaning products, equipment, and procedures.

Maintenance work is timely, with health, life, and safety issues taking the highest priority.

School Facility Good Repair Status (Most Recent Year)

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

CAASPP Test Results in English Language Arts/Literacy (ELA) and Mathematics for All Students Grades Three through Eight and Grade Eleven

Subject	Percent of Students Meeting or Exceeding the State Standards (grades 3-8 and 11)					
	School		District		State	
	2015-16	2016-17	2015-16	2016-17	2015-16	2016-17
English Language Arts/Literacy (grades 3-8 and 11)	34	37	51	49	48	48
Mathematics (grades 3-8 and 11)	21	33	39	39	36	37

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

CAASPP Test Results in ELA by Student Group Grades Three through Eight and Grade Eleven (School Year 2016-17)

Student Group	Total Enrollment	Number Tested	Percent Tested	Percent Met or Exceeded
All Students	284	278	97.89	37.18
Male	143	139	97.2	30.22
Female	141	139	98.58	44.2
Hispanic or Latino	268	262	97.76	36.4
Socioeconomically Disadvantaged	278	272	97.84	37.64
English Learners	245	241	98.37	37.08
Students with Disabilities	24	23	95.83	8.7

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

**CAASPP Test Results in Mathematics by Student Group
Grades Three through Eight and Grade Eleven (School Year 2016-17)**

Student Group	Total Enrollment	Number Tested	Percent Tested	Percent Met or Exceeded

Socioeconomically Disadvantaged	278	277	99.64	32.85
English Learners	245	244	99.59	34.02
Students with Disabilities	24	23	95.83	17.39

Note: Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

**CAASPP Test Results in Science for All Students
Grades Five, Eight, and Ten**

Subject	Percent of Students Scoring at Proficient or Advanced					
	School		District		State	
	2014-15	2015-16	2014-15	2015-16	2014-15	2015-16
Science (grades 5, 8, and 10)	44	43	59	53	60	56

Note: Science test results include California Standards Tests (CSTs), California Modified Assessment (CMA), and California Alternate Performance Assessment (CAPA) in grades five, eight, and ten.

Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The 2016-17 data are not available. The California Department of Education is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The new California Science Test (CAST) was piloted in spring 2017. The CST and CMA for Science will no longer be administered.

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8):

- Pupil outcomes in the subject areas of physical education.

California Physical Fitness Test Results (School Year 2016-17)

Grade Level	Percent of Students Meeting Fitness Standards		
	Four of Six Standards	Five of Six Standards	Six of Six Standards
5	17.5	17.5	9.5

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

Opportunities for Parental Involvement (School Year 2017-18)

Parent involvement is an essential cornerstone of Hurley Elementary school. As their children's first and most important teachers, parents are involved and supported as participants in home-learning activities, including supervising assigned homework, daily reading, and family discussions that reinforce and enrich their child's classroom learning. Parents are invited to support their children by attending parent conferences and workshops, student performances, parent meetings/events, assemblies and sporting events. Programs and opportunities for engagement include:

1. Hurley Elementary School's PTA. The PTA is dedicated to promoting our students' well-being and personal success through strong parent, family and community involvement. Our PTA promotes a strong home and school connection by creating opportunities for parents and teachers to collaborate to accomplish the goal of providing students with a quality education in a nurturing environment. Our PTA supports Hurley with field trips and student rewards and incentives.
2. School Site Council, English Learner Advisory Committee, GATE Parent Advisory Committee are important decision-making bodies that provide input on school goals and evaluating the progress of the school as it relates to these goals.
3. Monthly Coffee with the Principal meetings are held to provide families with learning opportunities in the area of Common Core Standards, Next Generation Science Standards, English Learners and updated information about the school and/or district. The Family Resource Center also provides families with information regarding workshops and services related to the emotional and social well being of their children. This informal setting allows for Hurley parents to provide the principal with recommendations, feedback and guidance in regards to Hurley's goals and school programs.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

Suspensions and Expulsions

Rate	School			District			State		
	2014-15	2015-16	2016-17	2014-15	2015-16	2016-17	2014-15	2015-16	2016-17

School Safety Plan (School Year 2017-18)

Once again, the California Department of Education's Safe Schools Assessment Program has designated Rowland Unified as among the safest school districts in the East San Gabriel Valley. As one of the district's core values, student and staff safety is kept in the forefront of all decision-making.

Hurley's Safety Plan was reviewed, updated and discussed with school faculty in October 2016 prior to the state wide earthquake drill in October 2016 and again in December of 2017 and school advisory boards and councils in February 2018. The Plan is approved annually by the Board of Education in March.

In addition to maintaining closed campuses that are secured with fencing, schools are carefully monitored by campus patrol services - before, during and after school. An up-to-date phone system, fire alarm, intercom and other communications systems have been installed at all schools. The phone system gives teachers the ability to make outside calls to parents, and emergency support services when needed. Check-in procedures, combined with one-way access through the school office, limit the number of visitors on campus. A parent sign-in and sign-out procedure assures student safety.

Our commitment to safety is further evidenced by:

- Strong partnerships with law enforcement agencies through Operation Safe Community that provides weekly character education classes to 5th and 6th grade students through the STAR (Success Through Awareness and Resistance) Program.
- Ongoing training and practice drills keep staff attuned to crisis warning signs on a monthly basis.
- District patrol units service the schools and District facilities before, during and after school at all school and/or District-sponsored events.
- School site safety plans safeguard the well being of students and staff. All schools maintain safety plans and conduct routine safety drills and maintain emergency supplies for students and staff.
- A strictly enforced dress code policy keep students focused on the business of learning.

Types of Services Funded (Fiscal Year 2016-17)

The Rowland Unified School District promotes, expects, and accepts nothing short of excellence. We have a collective commitment to be the best school district in California and provide comprehensive, well-rounded, and rigorous educational experiences to all students.

These include but are not limited to the following:

Gifted and Talented Education - Students who are identified as gifted and talented are provided with academic enrichment activities and classroom work as well as differentiated instruction and leadership development. In addition, the district hosts special GATE parent education sessions and educational field trips.

Family Resource Center (FRC) - The FRC provides an array of social services such as parent education, provider education, and parent and child interactive programs, along with health and support services.

6th Grade Algebra - This program, which earned a California School Board Golden Bell Award, readies students for advanced math in intermediate and high school. Algebra is a graduation requirement. Students who take Algebra early have the flexibility in their schedule to take more Advanced Placement (AP) and/or International Baccalaureate (IB) courses when in high school.

Transitional Kindergarten - Transitional kindergarten allows for pre-kindergarten age students to receive instruction in a classroom that is commensurate with their age and ability level.

Winter & Summer School Programs for students at the Elementary and Secondary levels.

In addition to these District wide programs, Hurley Elementary School offers the following support services for our students:

We are home to an expanding Dual Immersion program that currently services grades TK-3. The Dual Immersion program has three goals (1) bilingualism which is high levels of speaking proficiency in English and Spanish (2) bi-literacy which is high levels of academic proficiency in English and Spanish and (3) multicultural competence which is an understanding of and appreciation of different cultures. In addition to a Dual Immersion program, Hurley Elementary offers a 60 minute per week computer literacy course for our students, a 50 minute per week music block and a 50 minute per week block with a Physical Education specialist. Hurley offers an elementary sports program for students in grades 4-6 in the area of softball, soccer and basketball. Additionally, Hurley offers students in grades 4-6 an opportunity to develop leadership capacities through Student Council. Our GATE program offers after school experiences in Robotics and Science and Engineering for all interested scholars.

Hurley offers all students ST Math, LEXIA, Accelerated Reader, and Compass Learning access to support their learning. ST Math is Spatial Temporal Math which allows for students to develop the critical thinking necessary to persevere in problem solving. Lexia Reading Core5 supports educators in providing differentiated literacy instruction for students of all abilities in grades pre-K–5. Lexia’s research-proven program provides explicit, systematic, personalized learning in the six areas of reading instruction, targeting skill gaps as they emerge, and providing teachers with the data and student-specific resources they need for individual or small-group instruction. The Hurley staff continues to develop their craft and skills in the area of educational technology by attending professional development opportunities offered by the District and accessing our highly competent instructional coaches to support the integration of technology at Hurley. Finally, Hurley continues to build a comprehensive system of multiple supports to engage and support our learners. Hurley continues to build a comprehensive system of academic Response to Intervention for our struggling learners in grades K-6. In addition to academics, Hurley continues to develop a comprehensive Tier II support system for our learners who are challenged with decision making and the expected school behaviors. As a bronze medal school for Positive Behavior Intervention Support (PBIS), Hurley continues to develop and design services for our strategic and intensive learners. Hurley is an amazing school with a plethora of services for a variety of learners. The Hurley staff is very committed to the academic and social-emotional success of all 525 students.

Professional Development (Most Recent Three Years)

The Rowland Unified School District's major areas of focus for professional development are the District's Essential Priorities for Teaching and Learning: Strengthen Best First Instruction and RTI 2, Implement Districtwide Agreements about Efficacious Instruction, Build Cultural Proficiency Across the System to Foster and Sustain Literacy Improvement for Whole Systems Change. The major professional development initiatives include focusing on 21st century skills as the overarching premise while developing the following:

- Unpacking the Next Generation Science Standards
- Defining First Best Instruction through the RUSD Framework for Teaching and Learning
- Integrating Technology into Instruction
- Providing New Teacher Support

Specifically, at Hurley Elementary School, the staff has receives professional development in the area of Next Generation Science Standards, Mathematics, Reading Comprehension and Accountable Talk. All the site based professional development is decided upon based on student achievement data. Mathematics continues to be less higher performing than language Arts and the Reading Comprehension Claim on the ELA SBAC has been our weakest performance claim as well. Our Instructional Coach supports the adult learning through coaching cycles and all staff have the opportunity to attend conferences and/or professional learning opportunities throughout the school year. The Hurley staff engages in Instructional Rounds twice per year to observe a practice. Instructional Rounds supports the learning of all teachers as they visit one another's classrooms during the rounds. Based on the instructional data, the team decides the content for the following Instructional Rounds and/or if more professional development is needed in the area of our designated practice.
