

100% SUCCESS ZONE

Baker High School 100% Success Goal for 2011-2012

Every student will have the opportunity to complete 100 constructed response questions before state testing.

Baker High School is dedicated to realizing the full potential of every student who walks through our doors. When students enter our campus, they know that they are entering a 100% Success Zone.

At Baker High School, we strive for:

100% Graduation Rate

Students that enter Baker High School are offered everything they need to reach their ultimate goal—graduation. We do this by offering administrators, teachers, and counselors who are dedicated to utilizing research driven strategies to educate those students.

100% Attendance

In order to be successful, students must be in class every day. Our goal of 100% attendance ensures that students are in class and receiving the instruction they need.

100% Commitment

In order for Baker High School to realize 100% success, we must have a 100% commitment from all of our partners—students, teachers, administrators, parents, and community members.

100% Effort

100% success can only be attained if everyone gives 100% effort. This means that everyone involved in the process must give that effort everyday. Again, it takes this effort from all of our partners to make Baker High School a 100% success zone! Students must give 100% effort in the classroom. Teachers must give 100% effort to planning and implementing their lessons. Parents must give 100% effort to ensuring their student is at school, on time, and on task. Community partners must give 100% effort to ensuring we have the resources and support we need to develop our students into successful learners and citizens.
