Dear Parent,

I am pleased to introduce Family Connection – a comprehensive website that you and your student can use to make plans about colleges, and careers. Family Connection is linked with Naviance™, a service that we use in our office to track and analyze data about college and career plans, so it provides up-to-date information that's specific to our school.

Family Connection allows your student to:

- **Get involved in the planning and advising process** – Build a resume, complete online surveys, and manage timelines and deadlines for making decisions about colleges and careers
- **Research colleges** – Compare GPA, standardized test scores, and other statistics to actual historical data from our school for students who have applied and been admitted in the past
- **Research careers** – Research hundreds of careers and career clusters, and take career assessments
- **Create plans for the future** – Create goals and to-dos, and complete tasks assigned by the school to better prepare your student for future college and career goals.

Family Connection also lets us share information with you and your student about upcoming meetings and events, local scholarship opportunities, and other resources for college and career information.

To visit our school's Family Connection site, use an Internet browser to connect to:

<http://connection.naviance.com/westmont>

When you visit the site for the first time, enter your personal registration code which will be mailed to you sometime before October. This letter will contain two parts, 1) to have you verify your personal information that you provided during registration and 2) will provide you with a registration code so you can create an account on Family Connection. **All freshman students will create their account in their English classes the first week of September.**

We hope that you will find this resource helpful. If you have questions about Family Connection, please contact us.
