How can I help my child get ready for the CAASPP?

You are an important part of your child's education. Some things you can do to help your child are:

- Talk about the test with your child. Make sure they are not scared or anxious.
- Tell your child that you and his or her teacher have high expectations and that you are both there to help, every step of the way.
- Take a practice test with your child.
- Make sure your child gets a good night's sleep
