Thank you for working with us to improve the car line experience. Our top priority is safety. This, of course, includes our children, but also other drivers – those from Meridian and those that use the streets around Meridian. Therefore, it is imperative that we be good citizens and not block any public access or stack on the high-speed access road leading to the Fast Lane.

- All **MORNING** carpool drivers should sign this form and have their car tags stamped. The **AM FAST LANE STAMP** is required to enter the AM Fast Lane.

- All **AFTERNOON** carpool drivers should sign this form and have their car tags stamped. The **PM FAST LANE STAMP** is required to use the PM Fast Lane.

- Those participating in both **MORNING & AFTERNOON** carpools will receive both the **AM & PM FAST LANE STAMPS**.

By signing this, I agree to the following:

1. I will have 3 or more students in my car anytime I use the AM Fast Lane.

2. If my carpool drops below the minimum required amount due to a permanent change, I will not enter the Fast Lane, but use the regular car line instead.

3. If the Fast Lane is full with no space to turn in from the IH-35 access road, I will proceed to Jeffrey Way (morning) or Paloma (afternoon) and enter via the regular car line.

4. I will be courteous and helpful to staff and volunteers working the Fast Lane and follow their directions, understanding that they are there to assist with safety.

---

*The purpose of the Fast Lane is to improve the car line experience. I understand that this privilege carries with it responsibility. If I am not able to meet the terms of this agreement, I understand that I may be asked to return to the regular car line.*

Fast Lane Agreement/Revised 7/19/17
**FAST LANE GUIDELINES**

**General:**

- Cell phone use is prohibited while operating a vehicle on campus.
- Vehicle must be placed in “Park” while loading/unloading students.
- Drivers and adult passengers must remain in their vehicles while students are loading/unloading to ensure safety and maintain traffic flow.
- Drivers should not attempt to bypass the line of waiting vehicles by driving past the traffic cones or into the grass.
- Any known changes to transportation due to weather are communicated through the school notification system. In the event of unexpected weather that prevents safe loading/unloading, all Fast Lane vehicles should pick up or drop off students at the front entrance of the Primary building.

**AM Arrival:**

- The morning Fast Lane begins unloading at 7:30 a.m. and ends unloading at 8:00 a.m. Any vehicles past the first 2 in line at 8:00 a.m. must proceed to the front of the Primary Building for unloading.
- Students should only be unloaded from the 1st and 2nd vehicles in line using the right side (passenger side) of the vehicle.
- A staff member must be present in order for students to be released from the car. Students are not allowed to walk unattended from this drop off location for any reason.
- ALL cars must have the numbered and stamped car tag from the current school year hanging on the rear view mirror to notify staff of a need to unload students.

**PM Departure:**

- All drivers MUST have the numbered and stamped car tag from the current school year clearly displayed in order to pick up students. If a tag is not present in the car, the driver must go through the front office security system to pick up their student(s).
