November 2017

Dear Parent/Guardian:

Starting in the 2018-19 school year, juniors will be allowed early release privileges. Currently this opportunity is only available to seniors. In order to be eligible for this privilege, students must be on pace to graduate; specifically, by the end of this school year, current sophomores must have 12 graduation required credits and current juniors must have 18 graduation required credits.

Students should speak with their counselors by January 31, 2018 if they are interested in early release so that it can be added to their course requests for next school year.

Kristin Smetana,
Principal

Beth Augustine,
Director of Student Services
