Getting Started

The public portal for students and parents is located at <https://powerschool.unionsd.org/public/home.html>. Your school will issue a student user name and password, and a parent access ID and access password. Students log into the portal with the user name and password they are assigned. Parents or guardians create their portal account with the web ID and access ID. The instructions for creating a portal account are located at [Create a New PowerSchool User Account](#).

PowerSchool Public Portal is a single sign-on system. Once you are logged into the portal you can toggle between student screens by clicking on their name located in the upper-left of the screen.

The school sites determine which portal options are used. If you don't find an option on your navigation menu that indicates that your school has chosen not to use that option.

Forgot User Name or Password

If you have forgotten your user name or password, click on the "Having trouble signing in? Have you created your new account?" link. If you have forgotten your password, from the Forgot Password tab, enter your user name and email address and press enter. A new password will be sent to your email address. If you have forgotten your user name select the Forgot Username tab and enter your email address. Your user name will be sent to your email address.

Grades and Attendance

The first screen in the navigation menu is Grades and Attendance. This screen will display the student's term grades. If a term has not ended, the current grade will display. The attendance is also displayed by current term and year-to-date. All schools take daily attendance so you will see attendance data listed for period 1 only.

Features of Grades and Attendance

- a) Click on a term grade or percentage to see assignments for that class and term. The assignment page will show the grade for each assignment and will also identify assignments that are late or missing.
- b) Click on the absences or tardies to see the attendance details for the current term
- c) Left-click on the teacher name to generate an email message to the teacher. If that does not work right-click and "copy email address"
- d) Click on the YTD number to see the attendance details for the entire school year

Attendance History

The Attendance History screen will show attendance codes and dates for the current term. To identify the attendance codes refer to the attendance code Legend that is located at the bottom of the screen. All schools take daily attendance so attendance totals will only appear in period 1.
