

Tilley Elementary School is continuously working towards supporting our students in several different ways.

## **Academic Support**

***After school tutorials*** - Students can attend after school tutorial sessions. Sessions are offered in the fall, winter and spring. They take place on Tuesday and Thursday afternoons from 3:10 to 4:30. Most sessions will last 8 weeks for a total of 16 tutorial meetings per session. Tutorials will focus on a variety of areas including reading, writing and math skills. Tutorials are based on grade levels. Teachers will send home parent permission slips with students that are being recommended for tutorials. If a parent wants to their child to attend, please simply contact your teacher to request a permission slip. The dates for after school tutorials are as follows;

Session 1 – September 19 to November 16, 2017

Session 2 – November 28 to February 8, 2018

Session 3 – February 13 to April 26, 2018

Session 4 – May 1 to May 31, 2018

***Reading Intervention*** - Students can receive additional reading support through our reading intervention team. A team of two reading teachers and two teacher's aides will work with classroom teachers in 3<sup>rd</sup> through 6<sup>th</sup> grade to identify students needing reading support. The student will receive support in the reading classroom in small groups. Classroom teachers will receive updates on student's progress to share with parents. Parents can request through their student's teacher if reading support is needed and available for their student if they are not already in the program.
