

Dear Parents/Guardians:

It is a great privilege and honor to serve as Welsh Elementary Principal. I look forward to becoming part of the Welsh Elementary Educational Family and part of the wonderful Welsh Community.

As we strive to carry on the history of academic excellence at Welsh Elementary, we will continue to seek out the best educational practices, provide high quality instruction, and ensure that our students receive the most up to date curriculum. Our faculty and staff are among the best and work hard to provide our students with the educational foundation they need to be successful in school and in life. We will carry on the tradition of delivering excellent core instruction through the implementation of the Louisiana Standards and continue to provide students who struggle in reading or math with additional help and support through our Response To Intervention (RTI) process while also challenging our students who are exceeding grade level expectations.

Providing the best for all of our students requires the help of many people; it requires a team effort. We greatly appreciate the continued support our parents and community members have shown Welsh Elementary and are eager to work together to give our students every opportunity for success in the future. The combined effort of our faculty and staff along with the support of our parents and community is what makes Welsh Elementary a great place to learn. We look forward to working together to make this year a great year!

Educationally Yours,

*Rory Myers*
