

AcceleratedTM Reader

GUIDE FOR PARENTS

We are challenging all students to meet their AR goal during each 6 weeks grading period!

How can I help my child?

- ☺ Read together. It's the most important and influential thing you can do to help your child reach his/her goal.
- ☺ Ask your child about his/her progress toward the goal often. Don't let him or her wait until the last minute.
- ☺ Visit <http://arbookfind.com> to see if any books you've read at home have tests.
- ☺ Volunteer to help other students test in your child's homeroom. Contact your child's teacher to find out the best time to come.

DID YOU KNOW?

- ? You can find out if a book has a test by visiting AR BookFind at <http://arbookfind.com>
- ? The Public Library has books you can download to your iPad, Kindle, or phone! All you need is your own device and a library card. Visit the public library website to learn more.
- ? Visit the school library website for list of online books.

MORE about ar...

- ✓ Students may not take tests on books more than 2 levels below their reading level.
 - Example: I can read at a 3rd grade level. I can take tests on 3rd, 2nd, and 1st grade books.
- ✓ You must read the entire book before taking a test on it.
 - Do not read the first few chapters of the book and try to pass the test. You won't.
 - Do not take a test if you've only "seen the movie."
- ✓ Tests may only be taken in the library, computer lab, or in the classroom with your teacher's permission.
