

TO: Parents, Teachers, and School Employees
FROM: Mr. Ray Carlock, Superintendent
RE: Asbestos Surveillance of all School Buildings

In compliance with the U.S. Environmental Protection Agency (EPA) Asbestos Hazard Emergency Response Act (AHERA), in the Spring of 2014, inspections were performed at each of our school buildings to identify and assess the condition of all Asbestos Containing Building Materials (ACBM). Management Plans were then developed to establish guidelines for managing the ACBM.

The EPA requires re-inspection for the asbestos materials every three years with continued surveillance reports and documentation of any and all activities involving the disturbance of asbestos materials to include: abatement, repairs, cleanup, etc.

Management Plans containing documentation of all activities involving ACBM are on file in the district administration office and at each school administrative office. The Management Plans are available for view by the general public anytime during normal school hours (M-F, 8:00 a.m. - 3:00 p.m.). The Asbestos Program Manager will be available to answer any questions you may have regarding asbestos in our buildings.
