

SRVHS

ACADEMIC BOOSTERS

Academic Boosters is one of the main San Ramon Valley High School Booster groups. Its mission is to improve the quality of your child's high school education by providing funding for two critically important areas:

- Additional Classes
- College and Career Center

This work can't happen without support of parents like you! We desperately need parents for these leadership Board positions for the upcoming 2017-2018 school year. Without these positions filled, the Academic Boosters organization cannot function:

- **President** – The President is primarily responsible for presiding at five Booster Meetings per year, attending monthly Booster Council Meetings with the Principal, working with the Treasurer and other board Members on the budget, providing AB communications to the parent community, coordinating AB's booth at registration.
- **Vice President** – The Vice President shares tasks with and assists the President as needed.

If you join our team now you'll be able to shadow any positions you would be interested in. For more information about the Academic Boosters visit our website srvhs.net/ab or send us an email at srvhsab@hotmail.com. Or, please call/text the current president Paula Moore and VP Jacqueline Bennett who both have seniors this year (and will not be at SR next school year) for more details at 925-548-3970 or 925-549-1911.

Thank you,

SRVHS Academic Boosters,

Paula Moore
Jacqueline Bennett
