California Department of Education School Accountability Report Card Reported Using Data from the 2015-16 School Year

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fq/aa/lc/>.
- For additional information about the school, parents/guardians, and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the [CDE DataQuest Web page](#) that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2016-17)

Alta Vista Elementary is located in Redondo Beach, CA and services students in grades Preschool through fifth grades. One of eight elementary schools in RBUSD, students receive a high quality, standards-based education. High student achievement is accomplished through the support of teachers, paraprofessionals, administration, parents, and the implementation of best-researched strategies and practices. Our curricular instruction is built on critical thinking skills, differentiated instructional strategies and encourages risk taking. Working together with our community, the staff provides a well-rounded curriculum and a safe, supportive environment conducive to student learning.

Alta Vista's mission is to provide a safe, supportive, and enriched learning environment where all children can learn and grow academically, physically, socially, and emotionally. Alta Vista strives to mold the whole child by providing standard-based instruction guided by on-going assessment of individual needs, and by establishing high expectations for student achievement. We strive to create students who are critical thinkers, life-long learners, and decision makers who are prepared to be successful not only in school, but in their adult lives and a technology competitive world. Alta Vista teaches students to develop and foster a sense of community and responsibility for the earth through a positive and healthy world view. We, the staff at Alta Vista, are dedicated to working with families, community liaisons, service providers, and education professionals to ensure that each and every child achieves individual success.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. The CAAs have replaced the California Alternate Performance Assessment [CAPA] for ELA and mathematics, which were eliminated in 2015. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

CAASPP Test Results in English Language Arts/Literacy (ELA) and Mathematics for All Students

Subject	Percent of Students Meeting or Exceeding the State Standards

Mathematics (grades 3-8 and 11)	72.0%	80.0%	56.0%	61.0%	34.0%	36.0%

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

Opportunities for Parental Involvement (School Year 2016-17)

Alta Vista is fortunate to have the support of a dedicated Parent Teacher Association (PTA). Our PTA provides our teachers and students with funding for educational field trips, assemblies to connect learning, classroom supplemental funds and acts of community service. Parents also contribute to the school by serving on our School Site Council, Wellness Council, Alliance for a Healthier Generation, Grades of Green, facilitating Hands-On-Art and Hands on Science and Healthy Living lessons, as well as, dedicating countless hours in the classroom volunteering. In addition, Alta Vista is home to the WATCH D.O.G.S. (Dads of Great Students) program wherein father or father-figures spend a minimum of one day a year at the school serving as positive male role models for all students on campus.

School Safety Plan (School Year 2016-17)

The Redondo Beach Unified School District has developed Comprehensive School Safety Plans and coordinated school crisis response procedures in partnership with law enforcement and emergency response organizations. The Comprehensive School Safety Plans meet the requirements of the annual Safety Plan Process under California SB 187. As stated in SB 187, school safety plans are updated annually with participation from staff and additional stakeholders in a School Site Council.

District schools have also developed a "Grab and Go" guide to supplement the Comprehensive School Safety Plans. The Grab and Go guides detail teacher and staff procedures in an actual emergency, in addition to site emergency response teams.

Types of Services Funded (Fiscal Year 2015-16)

Alta Vista Elementary School receives LCFF Base and Supplemental Funding. These funds are used for supporting our targeted populations and providing support for all students' learning. Recent purchases include supplemental instructional materials to support intervention programs for at-risk students in all grade levels and additional support hours for our school guidance counselor to work with targeted students. Supplemental Funding also funds the salary of a part-time paraprofessional to work directly with English Learners and provide classroom support. The funds also provide the stipend for a school-based, English Learner site specialist.

Professional Development

The Redondo Beach Unified School District is focusing staff professional development (PD) in three main areas: effective instructional strategies aligned to Common Core State Standards (CCSS) at school sites; use of technology in instruction; and the implementation of Positive Behavioral Intervention and Supports (PBIS) in all schools. While the current PD does focus on instruction and curriculum in mathematics and English Language Arts (ELA), the RBUSD is also developing PD for the Next Generation Science Standards (NGSS) and social science standards.

The RBUSD is engaged in a multi-layered approach to delivering PD. The District provides PD through: teacher release time; conference attendance; one-day workshops; mentoring; and after-school, "early out" days. The elementary schools utilize weekly collaborative planning time through the implementation of a School Instructional Leadership Team and grade level leads.

The use of student data is critical to better assess and support individual student development. The District provides training on our student data management, Illuminate Education, to analyze individual and aggregate student progress. Elementary teachers and secondary math teachers utilize the Tenmarks math program both to assign and assess student performance. All of the above teachers have had PD training on the Tenmarks program.

Internal PD offerings are supplemented by partnering with external professional development organizations, including universities such as LMU and UCLA. Our partners advise on the District's program development and provide PD for teachers and administration on instructional programs for all students.

The District is designing a teacher coaching model in concert with the Redondo Beach Teachers Association to mentor teacher development in: differentiating instruction; developing CCSS aligned lesson plans; as well as English Language Development aligned instruction strategies to better support our English Learner student population.

Our new teachers are supported at school sites and at the District level through the Beginning Teacher Support and Assessments (BTSA) Program where each new teacher is mentored by a BTSA support provider. By working within BTSA, a new teacher receives support and resources to improve their teaching pedagogy.

Through the collective bargaining process, additional paid professional development days have been added to the teacher work calendar (1 additional day in 2015-2016, 2 additional days in 2016-2017 and 2017-2018).
