

Cheney Schools Essential Foundations

For our children, our community, our world, our future

Cheney School Board

Goals

- Consistent and measurable academic progress for each student, assuring that value is added to each student's academic achievement each year.

- A safe, caring and quality learning environment is provided to each student, each day, in every aspect of school district operation.
- Effective allocation of community-provided school district funds and resources will be made based upon data-driven research and evidence of need and impact on each student program.

High Expectations and Continuous Progress

FOR STUDENTS

- ★ Each student is provided with the skills needed to lead a successful life in today's world.
- ★ Consistent and continued student academic progress each year in school is expected and supported.
- ★ Students are prepared to continue their education after graduation.

FOR STAFF

- ★ All staff members, both classified and certificated, are part of a team that works together to support the learning needs of each student. All staff pursue ongoing professional growth to meet these needs.
- ★ All staff contribute to the achievement of consistent and continued academic progress for each student each year.

High Expectations and Continuous Progress

FOR LEADERSHIP

- ★ Leadership team members provide open and ongoing communication between school and home, and clearly communicate the defined vision and direction of the school district and each school.
- ★ Leadership team members assure quality professionals serve in each position in the school district.
- ★ Leadership team members support and recognize the accomplishments of all students and staff.

FOR PARENTS & COMMUNITY

- ★ Parents, guardians, and community members hold and support high expectations of and for students and staff.
- ★ Parents, guardians, and community members keep informed about student progress and district and school issues.

Engagement with School District Community

SCHOOL BOARD

- ★ School Board members are advocates for all children and ambassadors for quality public education on their behalf.
- ★ The School Board actively represents the needs of the district's students, and assures that parents and community members have opportunities to provide input to the Board.
- ★ The School Board provides ongoing communication with the community regarding specific needs for potential or current bond issues, renewal maintenance and operations levies, and other capital levies.

COMMUNITY

- ★ Quality education in the school district is reliant upon continued community support through levies and needed bond issues.
- ★ Community members are provided opportunities for meaningful engagement in district and school volunteer programs.
- ★ Partnerships are established with businesses, institutions of higher learning, and other segments of the community.

PARENTS

- ★ Parents are provided with clear and consistent information about their student's progress.
- ★ Parents are encouraged to actively support and participate in their children's learning.

Stewardship and Planning

- ★ Fiscal resources and district facilities are responsibly managed for present and future use.
- ★ We proactively strive to be the district of choice for quality education.
- ★ Strategic decision making for growth and change is an integral part of the district planning process.
- ★ Pursuit of grants and other resources to support quality programs and current initiatives.
