School Messenger Opt-In for Text Messages

Dear Parents,

The district provided a service that will enhance communication by allowing us to deliver important information to you via SMS text messaging.

The service is provided by School Messenger.

In order to participate in this service, you must indicate your willingness to receive text messages to your phone by doing the following:

Simply text any one of the following words to number **68453**: subscribe, optin, yes

You know you are successful if you receive the following reply message:

You are registered to receive approx 3 msgs/mo. Txt STOP to quit, HELP for help.

You will want to repeat the opt-in process for any wireless number / device that you wish to include. In addition to performing the opt-in process above, you will also want to ensure that your number remains updated with the school district student information database.

Please note, although the district does not charge you for this service, it does not pay for text message charges that may be incurred by you for sending or receiving text messages. Check with your wireless carrier for possible charges.
