

Notice of Possible Publication of Certain Student Information

Throughout the year information such as student's name, class, honors and awards, participation in sports/activities, projects, photos or video productions may be publicized.

Please notify your child's school, **in writing**, if you do not want the school to disclose information about your child without prior written consent. **You must re-submit this written information annually.**

If you submit such written notification not to publish information about your child, this will cover **all** the information listed above, including **publication of honors and awards**. You **cannot** selectively release some information but prohibit the release of other information.

Section 9528 (Armed Forces Recruiter Access to Students and Student Recruiting Information on the No Child Left Behind Act) requires schools receiving assistance under the Elementary and Secondary Education Act of 1965 (ESEA) to provide students' names, addresses and telephone listings to military recruiters when requested. Parents may opt out of section 9528 by specifying this in a written request not to publicize any student information (as stated above). If you agree to allow student's information to be publicized as described above, you are, BY LAW, consenting to Section 9528 also.

Military Family Status

To comply with the Massachusetts Valor Act, schools are required to collect the following information. Please check any box that applies:

Is this student a child of:

- An active duty member of the uniformed services or National Guard member on active duty
- A service member who was medically discharged or retired within the past year
- A service member who has died while on active duty

If you have checked any of the boxes above, please provide your child's name below
